Dear Doctor North:

In looking over Mr.Evans' folder I find that Mr.Ritter, the father of our faculty member, subscribed $6000. for a residence for his son in China dated Jan. 29th, 1924. On February 16th, 1926 he paid $2000. on account.

Will you please confer with Dr.Luce and either recommend following this matter up in a letter to see when further payments can be made or if Mr.Ritter lives near enough in New York whether Dr.Luce should not go and see him.

I find a note that the Colbys' will give $3700. to complete the Berry Library. Is there any reason why they cannot be informed immediately that that will cover the cost so that they can send on that sum of money. I understand that even if the cost went over that amount they would not consent to give a larger sum.

Very truly yours,

(Signed) Franklin Warner
