TRUSTEES OF PEKING UNIVERSITY

April 29, 1919.

My dear Mr. Luce:

I am herewith sending you most of the information that the Basis for Discussion which you and Dr. Stuart presented, calls for.

Section I. a. Junior Colleges: There are Junior Colleges in Peking, Tientsin, Mukden, and Shansi.

b. Middle Schools: The Methodists have five: the American Board one, the L.M.S. have three full-fledged middle schools and one providing a course of two years; the American Presbyterian has one full fledged and one offering two years. In Manchuria there are sixteen middle schools, I believe. This makes a total of 27.

c. Higher Primary: The Methodist Mission has 20; the American Board 5; the LMM.S. 4; the A.P.M. 3. Total 32. Number in Manchuria unknown.

Lower Primary; M.E.M. 104; American Board 15; LMM.S. 11; A.P.M. 15; Total 144. Number in Manchuria unknown.

d. Church membership.

M.E.M.	16,600	(This includes probationers; membership without probationers, 11,000)
A.B.M.	6,000	
L.M.S.	2,600	
A.P.M.	1,500	
	9,178	Irish Presbyterian in Manchuria
	10,334	Scotch Presbyterian
	1,149	Danish Lutheran
TOTAL	47,361	

The approximate population of the Province of Chihli; 30,000,000
Shansi 10,000,000
Manchuria 17,000,000
This makes a total of.....57,000,000
people in the territory in which we are placed.

Section II. I think you have about as full information on the questions under this section as I am able to give you. There are some reports that we have asked committees to hand in which have not been returned to us. Mr. Gordon has made a tour of Hankow, Nanking, Shanghai, and Tientsin largely with a view of studying the question of technical and commercial education, and so that report will be sent you in a few days.
