I am hastening to get off this letter to you so that it will be certain to reach you before you visit Kansas City again.

One cannot express how much appreciation one feels for the interest you show in us personally, as well as in the specific cause of journalism and the greater good of Yenching generally. It is good to know that you and Mrs. Luce are now reunited, and I hope that your New Year will prove as delightful and as serviceful as you could hope for.

Cordially yours,

(signed)

VERNON NASH.

Copy to Dr. North.

Doctor H. W. Luce,
Peking University,
New York City.

Dear Dr. North:- Many, many thanks for the news re: Kansas City. I hope that the big album picture which I am sending to Dr. Luce may be forwarded to him before he reaches Kansas City.

Thanks also for your continued kindness and attention to my insurance payments.

I've just read Creel's bulletin concerning Permanent Committee and effort for correlation. It certainly looks hopeful and most highly desirable.

Cordially

Vernon Nash.
