TRANSFER

August 1, 1927

My dear Dr. North:

I have just received a letter from Mr. S. Moore Gordon from Monrovia, Calif. He was connected with Yenching from 1916 to 1921.

He is endeavoring to secure a teaching position and he writes to ask me to send him: "a statement which I can present as evidence that I have had experience at teaching in China." Secondly, he inquires "whether or not Yenching University is accredited so that graduates receive advanced standing in the United States. If such is the case please give a list of the colleges and universities that give such recognition."

I have only just met him and hardly know what to say as I really do not know anything about his teaching. Also I am not informed as to the second point at all. Can you give me any light that will help me to help this man? He asks that we give him this information soon because the information that he has sent for to China will not be forthcoming in time to help in his getting a position this fall.

Very truly yours,

H. W. Luce

Mr. Gamble

I am afraid our records would not give Gordon a very satisfactory reference, but we can in any case certify that he was a teacher.

On his second question tell him that P.U. is incorporated by the legislature of the State of N.Y. & recognized by the Regents of the University of the State of N.Y., But specific credits will usually be required.
