NOTES

Note 1. Mrs. Luce in December and March had arranged for the payment of these lapsed pledges before it was known Mr. Nash was to come. These contributors had been called on in person and The Lewis Club addressed twice in the midst of the work in March. Suddenly word came that Mr. Nash was in Seattle and at once plans were changed to lay a foundation for his coming.

Note 2. Mr. Gibson has renewed, in writing, his lapsed pledge for an $8000 residence conditioned on the Presbyterians of Albany giving an equal amount. The three leading Presbyterian Pastors were seen and all agreed that it should be carried thru and that they would confer upon the matter. One Presbyterian woman was called upon (who usually gives $1000 gifts) and she said she would contribute in January.

Note 3. Mrs. Johnson (Los Angeles) definitely plans for a residence, but has been uncertain when she could do it. She writes she will now give $2000 if we can find three others to help in an $8000 residence.

Note 4. Mr. Carl Hamilton is interested only in securing adequate land. His verbal promise may be regarded as about 95% certain of realization within a year. A special Memo regarding this is in the office Files.
