July 12/33 ack 7/13

Dear Garside:

I think you met Mr C.C.Liang who has just completed three years with us at Hartford. He is a Shantung man, born near Tai An, had five years at Tai An School , five years at Yen Ching, and an excellent course at Hartford. His major has been the Philospohy of Religion , but he is qualified in Social Ethics ( embracing all the ramifications in capitalism, socialism and communism), New Testament, Church History, Theology. for work among graduates

Religiously he is one of the rarest men I have ever known. Few young men have such a deep religious experience, balanced in quality both of intellectual grasp and spiritual expression.

In Some place in China I feel sure he will do a great work. --not flashy but quiet , deeply spiritual , effective. I could write much more, but you see what I think.

He would rather go to Chee-loo than anywhere else, and, while he is the kind that fits into any situation helpfully, his chief interest would be in the Seminary stressing the rural side of things.

He starts from Hartford on July 24th and will go direct to China via the Pacific and turn up in Shantung early in Sept.
I have two questions: what chance would he have of getting anything to do at Chee-loo. 2. to whom should I write at Tsinan in regard to him, Davies ? Shields? anyone else?
Please address me Care M.T.Moore, Mead's Point, Greenwich Conn where I go Friday.

For H.W.L.

Henry W. Luce
