Dear B.A.:

I have just turned up the provisional ststement regarding the Luce Endowment. Dr Stuart wrote most of it, tho I concurred,

I should like to confer with you about it when I come up. What do you think of the underscored lines under II. 2 and also Section III. Atthe present moment I am inclined to omit the letter ~~it~~ or else say that a certain (small) per cent only of the total income of the endowment should be used for III

I will be up on the 12 or 13th, going on to K.S.M. Anniversary for 16-18th.

Ever ,

A. W. Luce
