New York City.

Dear Mr. Gee:

I have been laid up with a bad attack of grippe for almost three weeks and have not been able to do anything about your letter of October 16th.

If it is not too late I will be glad to be of any help I can. The other day a Dr. Palmquist telephoned and asked if I would be chairman of a luncheon of persons interested in missions in China and I said that I would be glad to help but thoughtit would be better if they could find someone who knew more about it and was somewhat older but that I would do it if they could not obtain anyone else. I have not heard again from him.

I think we could probably arrange for a meeting at tea time or in the evening at our house if you would let me know whom I should get in touch with.

Very sincerely,

CTL E
