Mr. Vernon Ransour
150 Fifth Ave., N.Y.C.

My dear Mr. Ransour:

According to Dr. Levahey's specifications, the wish of the women is to spend the money they have to spend on the salaries of Chinese women doctors who are helping China's refugees and China's sick - the farther out in the country and the farther away from medical centers, the better, perhaps - at least they specifically do want it to go into medical schools.

On the other hand, I am of the opinion that it is our medical school teachers who know the students and graduates best and will be able to place the funds most advantageously to accomplish what the American Women's Hospital Committee wishes done. So I suggest a Committee to handle these funds and disburse the money as salaries for Chinese doctors who are to do the work with the patients direct, the committee to consist mainly of Chinese women who are teaching in the medical school. My suggestion is that Dr. Lin Lien Ching and Dr. Lan Ju Lien (see my notes) be on this committee and in addition, Miss Elsie Priest, through whom the funds could be transmitted. For an American physician member I suggest Dr. Manley (? Marion), who graduated from Rush Medical College in 1925, and is now doing Obstetrics in Chengtu.

Dr. Lin and Dr. Lan will know all the women graduate doctors, and will know which ones are doing the sort of work that would merit help from this fund, would also know what projects are in view and, with money to pay salaries, could speak for the services of graduate doctors to put them into war relief work, public health ventures in the country etc. They are Chinese, tho, and do not write English letters freely, so Dr. Manley and Miss Priest would have to do the correspondence, I think.

I am handicapped in not knowing Dr. Manley personally, and not knowing how far-seeing she would be in planning the use of such funds. Perhaps Dr. Beech could tell you that. This committee of four would, I think, be very effective.

I hope that Dr. Levahey would write to Miss Priest, stating the terms of the gift and just what sort of work is in mind, making the statement as specific as she needs to to insure that the planning shall be in line with the donors' wishes, but also as broad and flexible as possible to allow for the committee to use its judgment with regard to new needs and new advances in program for meeting China's present and future requirements.

Another necessary provision is to state whether they can count on the money for a definite length of time - several years, so that new work can be undertaken and staff secured on that basis.

And finally, I suggest that the lump sum be transmitted and the actual amount of the salary paid be left to the committee in each case. Probably \$25 gold a month will be more than any others in similar work are getting.

continued on next page

0681

2
5
5
4
5
3

I'm sure my first estimate of \$5. a month (-\$100 Mex.) is far too low, tho, at present.

All these details can be worked out, but the initial plan is important since it is difficult to "discuss" between donor and recipient at such a distance.

I am writing this on the train and will send it off tonight.

Sincerely,

/s/ Julia Morgan

P.S. I have several girls in mind who might be supported by this fund, but only a person "on the spot" knows just what they are doing or would like to do now.

Dr. Kiang Kuo Yi is one. She is a Cheekee graduate, and a native of Szechwan. Dr. Sung Han Chieh is another, a Cheekee graduate and a girl who has done war work in Yenan, a native of Hankow. Dr. Lin and Dr. Lan will know of W.C.C.U. graduates, too.

The advantage of the committee members being all in one place, Chungku, is obvious.

Dear Mr. Parker:

Jan 2, '42

I sent you today a list of the
Americans + British (English + Canadians)
who are at Chesloe now. If you don't get
it promptly, please let me know. You
might check up on the initials of Mr. Clayton.
I think they are A. S. If there is any other
information that I can furnish, I shall be
happy to do so.

Thank you + Mr. Evans for the recent
information regarding foreigners - China.

Sincerely,

Julia Morgan

JSP

Dear Mr. Ramsey:

I am writing to the
women doctors in Cheebos in Cheungtu, and
wish to tell them in detail some of the
things that were made clear to me regarding
the use that the money gifts from the
Women's Medical Society organization were
to be put to. In order to do this satisfactorily,
I should like to have copies of all the
correspondence that your offices in N.Y.
have sent out to the field regarding this
gift, and also a copy of the cable which
accompanied it. May I put you to
this trouble?

With kind regards, I am

Sincerely yours,

Julia Morgan

January 10, 1942

Dr. Julia Morgan
92 Revere Street
Boston, Mass.

Dear Dr. Morgan:

Many thanks for your letter written on the train on your way to Boston. I had a copy made of the letter to Dr. Lovejoy and am sending the original on to her.

Dr. Lovejoy does not wish to send her money through board treasurers or even college treasurers but wishes to keep the transaction as personal as is possible. She recognizes, of course, that the Committee directing the work on the field is necessary, and she is very anxious to have you serve on it when you return to China.

As a preliminary to a final adjustment, Mr. Evans is cabling West China today to the effect that \$300 (provision for three months expenses) is available, and is asking for details for handling the money. I believe Mr. Evans suggested that a Mr. Small handle the matter as Dr. Lovejoy does not wish the money to go through Miss Priest (her objection grows out of some correspondence she has had with the President's Committee).

Dr. Lovejoy is inviting you to become a member of the Association, and she is also quite anxious to have you attend one of their Board meetings. We, here at 150, also hope that you will be able to attend.

I wish to thank you most heartily for your assistance in this matter and to add that the work of our representatives in China in the medical field has been symbolized to me through seeing you in action.

With all good wishes,

Most cordially,

Vernon B. Ranscur

In reply to your card from Boston, we must report that we have been unable to find anyone here who knows of a book that deals with Chinese students in American colleges. If we succeed in finding anything as we come in contact with others outside of the office, we will let you know.

In your card you have asked for the revised list of Cheelee staff in America with their addresses. The list that we prepared recently is headed "Former and Present American and Canadian Faculty Members in North America", which means that it also includes people who are not now active on the faculty. I think it is best to send you this entire list, and you will know which ones on it are, at present, members of the staff.

I trust that this will meet your requirements.

Sincerely yours,

Secretary

Dear Dr. Morgan:

Mr. Evans has asked me to reply to your letter of February 24th to Mr. Rameur asking for copies of the correspondence with the field regarding the gift from the American Women's Hospital Committee. In checking through the files, I find that there are two things which you do not already have, one is a cable to Mr. Robertson of West China Union University sent on January 23rd, and the other is a letter of February 20th sent to Mr. William Small, Bursar of the University. There was a cable sent directly to Mr. Small from Dr. Lovejoy's office, but we do not have a copy. I presume, however, that it corresponds in content with the one we sent to Mr. Robertson.

I trust that this information will be that which you are requiring. If there is anything further that we can assist on, please let us know.

Sincerely yours,

Secretary

April 11, 1942

Dr. Julia Morgan
92 Revere Street
Boston, Massachusetts

Dear Dr. Morgan:

Pardon the delay in acknowledging your card of the 30th request-
ing us to send Mrs. Lair any information regarding Gordon King.

On March 18th the Presbyterian Board received a cable dated Hongkong
March 18th from Paul Abbott stating:

"GORDON KING ESCAPED SAYS HALF IN HONGKONG WILL PERISH."

It is understood that he escaped in a miraculous manner from Hongkong
on March 10th and is now in Chungking.

I am forwarding this information to Mrs. Lair.

I would not send a personal check to China. There is grave danger in
having the check lost, and even if it arrived at its destination, it would take
several months before it could be cleared with the possibility of its being lost
in transit on the return trip. We have had great difficulty with a number of
checks issued before December 7th.

It was good to see you in the office and I hope to see you again at no
distant date.

Very sincerely yours,

C. A. EVANS

Mr. C. A. Swans,
150 Fifth Ave., N.Y.C.

~~Dep. Sec. of State~~
(11,000,000)

Dear Mr. Swans:

I have sent very little money to China all this year. Now I want to send \$1,000 (U.S. currency) to Chungking, and I want it expended as follows, if you think you can arrange it so. I have just sent letters explaining, but the real sending and official message lies with you, for my letters won't get there till much later - may not even get there at all.

I'd like the money to go for: -

- Dr. Lin Lien Ching, personal gift \$ 50.
- Hannah Ellis Scholarships (next year's) \$ 150
- Food for Cheelo medical girl students \$ 800
- (If any money is left over, apply to food for other girl students at Cheelo)

Can this be arranged, do you think? In your covering letter, I'd like you to say that details are to be worked out by the President's Committee for Women Students.

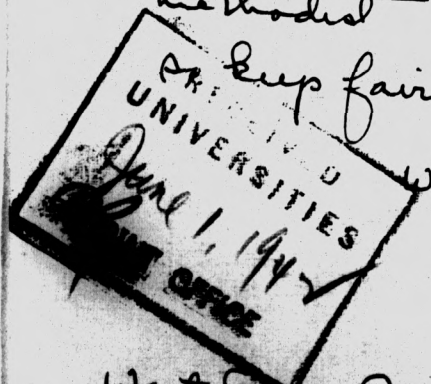

The idea of food is one that Mr. Li Tsan Wen insists is their greatest need now, and as a few hundred dollars won't cover every thing, I start with women medical students and

branch over to other women students at Chefoo
if there are funds left over.

As to the Hannah Ellis scholarships, we
have six or eight girls on those, including one
girl in W.C.C.U. The money has heretofore come
from a fund in Tientsin. That source is closed
now. Each scholarship is \$220 to \$240 (Mex)
a year, so \$1.50 (U.S.) will be ample and with the
extra they can either help other girls or increase
the size of the scholarship, as the Presidents'
Committee thinks best.

Have I made your task too difficult, or
can you arrange it? Please tell me just how
to make out the check? Just "China Christian
Colleges"?

Any new news from Tsinan or Cheung-
to Ran Shields? I get the Presbyterian &
Methodist bulletins as well as the China Colleges.
Keep fairly well informed.

With very kind regards, I am
ever sincerely,

West Grove, Pa.

June 18, 1942

Dr. Julia Morgan
West Grove
Pennsylvania

Dear Dr. Morgan:

I have refrained from answering your letter of May 26th with the hope that we could secure some first-hand knowledge about the situation at Chungta from Robert Barnett who has just returned from the Orient and more particularly at Chungta. Unfortunately, his return was delayed and almost immediately upon arrival he was stricken with malignant malaria and can hold no conferences whatever for a considerable period. However, before his illness I have a chance to talk with him for only a few moments by telephone and his one admonition was to hurry funds to China for the relief of staff members.

There is no reason why we cannot handle the remittances you speak of and will gladly forward same in our next commitment to the field if you so desire. There is only one reservation and that being the necessity of cabling rather than writing. Even clipper mail is terribly delayed and to have this money effective, it should be sent out promptly.

These cables are costing around \$10.00 at the present time, but we could devise one which would keep within a small amount if possible. Of course, a covering letter would be written, but there are possibilities that the money would be spent before the letter arrived.

There is nothing new about actual conditions on the Tsinan campus. You are, however, familiar with the steps being taken to exchange civilians. The papers have announced this plan, but confidentially the boat taking the Japanese from New York is not allowed to sail until the Japanese furnish the names of those coming from Shanghai on a boat which should have left there the 15th of June. It seems incredible that the Japanese would try to pull a fast one but regardless of what they have accomplished, I still think they are awfully dumb.

If we receive any word regarding the repatriation of the group at Tsinan, I will let you know at once.

Very sincerely yours,

CAE/B

Dear Mr. Swans: I was out at ~~Avondale~~
again yesterday & was sorry you & Mrs. Swans
weren't there to have another pleasant visit with
me.
I have a very recent letter from
Dr. Lin Lien Ching from Cheungtu, saying that
she may be compelled to go into private
practice unless salaries can be raised for
our staff out there. She hopes she won't have to,
but the cost of living is so high & she is helping
support mother & sisters who used to be in Japan.
She has written Dr. Strickland to that effect. Is there
anything the N.Y. office can do to help keep our staff?

Sincerely,

255453

July 9, 1942

Dr. Julia Morgan
215 Lehigh Street
Edgewood
Pittsburgh, Pa.

Dear Dr. Morgan:

I am wholly and completely to blame for not promptly acknowledging your letter of June 26th. It came to hand and the check was deposited on July 20th and a memorandum made regarding its use in China. With the formalities disposed of, apparently it slipped my mind to write you -- the most important person in the transaction.

With this before me, I notice from the file of correspondence there are several letters dating back even prior to yours. This serves to spur me to more diligent action which I promise shall be done.

We will send you a copy of the letter which goes to the field covering this remittance.

With many apologies, I am

Very sincerely yours,

Chengtu, China

August 7, 1942

Julia
Dear Dr. Morgan:

Thanks for your letter of May 24th to hand July 10th. I hope you received my radio message in reply, and congratulations on your new and well deserved honors. There is little news from Tsinan that is different from what you will know when our contingent arrives on the shores of the U.S.A. Mr. Chang of the treasurers office arrived and demanded about \$3,000 for travel expenses and about 7 months back pay. As he had no note from Lair I said I would have to have better evidence than his word before the administration could pay out money on his account especially since he was not employed here. I am told that the books in the main library are being sold on the street at so much per lb. Our Chinese friends get letters from time to time and every few weeks more students turn up. This week I had three students arrive from Peking. The home of one is in Hwaiking, the other Tingsien, and the third Kalgan.

Your list of needs is very good. Please add some Pneumothorax needles Wuahta has a thoracoscope, and 3 B.M.R.'s and an electrocardiograph. Hua Ta has a proctoscope but we need one for ourselves. The rest of the list is O.K. I am still trying to get microscopes. You remember over two years ago I tried to get permission to get 30 from Tsinan or have them ordered from New York. I suggested that Tsinan might let us have 50% of their apparatus. At that time there was no difficulty in getting things in Hongkong. I could not get support even for half a dozen books that we needed. The reply was that everything was needed in Tsinan. I pointed out that they stood a good chance of losing everything by adopting that attitude. However this is past and we lost out; our more serious loss however is not in material, but in not being able to persuade anyone to come here. We have carried on during the year in a more or less normal way in some ways better than last year. Our greatest difficulty has been that salaries are insufficient and this means that some have found additional sources of remuneration outside the school.

About three months ago the alumni criticised the policy of the President and so he said he would resign. So far the deans of the schools were not allowed to write their own requisitions. I wrote none for the Medical School last year. Mrs. Yu and I were the only deans last year. There were a number of other criticisms particularly the fact that we were losing some of our best men in Arts, another was regarding the accounts of the business manager whom I told the President last year should not handle money when we already had a treasurer. I have not written to New York regarding the matter as this is the business of the Advisory Committee. I do however enclose for your information and any others interested a copy of the statement prepared by the Advisory Committee. Although in the nature of things it was not possible to have this committee registered with the government as our advisory board it was the best the President could have set up and I told him that he would be well to accept its advice. He has gone to Chungking to see the government officials and says that as the committee is not legal he does not need to resign. The chairman of the committee also started out for Chungking but about 30 miles out the bus rolled down the hill 60 feet, turning over four times. Most of the passengers were seriously injured and Mr. Wu is laid up in the country. The report is that no bones are broken. One of the alumni is leaving to go with him to Chungking if he is well enough to proceed. He is now at Dr. Irma Highbaugh's place. A batch of mail, ordinary letters 5¢ postage - six in all, arrived by tonight's mail. There is nothing to tell by what route they have come. One of our mission nurses arrived back from Canada two weeks ago, and is now in Chungking relieving Clara Preston who is on a holiday.

We are beginning the publication of the C.M.T. here shortly. I have invited a committee of two from each of three schools to help me. Do keep pretty busy. There is more work to do than I can manage, which is probably is a good thing these days.
Best Regards to my friends.

(Signed)

Sincerely yours,
Ernest B. Struthers

Enclosed letters

received today by the printer. Bulletin

If you already have a copy of the
Lee - Cheelo } for copy
Advisory Committee (minutes) please

send it back to me at once. In
any case, I want both the letters
back as soon as convenient, but
wanted you to see the contents in
time for the Ensemble meeting.

I wonder whether you would not
do well to write Mr. Li Tsan Wui
to come in from Chicago to the meeting,
(paying his way, I suppose). I think
I know this is the only Chinese from
West China that in America could
speak through considerable fluency on
the situation. Have you his address?
With best regards,
Sincerely,
D. W. Stans

Sept: 2, 1942.

Dr. Julia Morgan
4215 George Avenue
Philadelphia, Pa.

Dear Dr. Morgan:

Your card is at hand regarding Dr. Lin Lien Ching and I am in thorough accord with your desires.

We have been cabling the field with the hope that adjustments would be made to meet these special conditions and, I believe, the situation is working out satisfactorily. There are not any salary advances, but bonuses have been given rather liberally. While they do not meet all of the requirements of the case, yet it has brought great relief.

We must arrange a meeting of our Special Finance Committee of Shanghai at an early date and the matter will be taken up at that time.

Very sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

I am grateful for your letter of the 22nd enclosing the letter from Ernest Struthers and the report from Ned Kohnring. *Wm x*

I have had the letter copied and we are seriously considering having it ready for the meeting on the thirtieth. This gives us the most authoritative statement which we have received so far and it is very valuable material to have in hand.

I am writing to Mr. Li Tsun Wen, although the Special Committee in charge of the meetings have authorized only a very limited amount for travel. In fact some of the expenses are being solicited from private sources. However, I am writing to Mr. Li.

I am very sorry indeed that you are not to be with us on this very important occasion, although from what I overheard the other day, it would seem that the consideration of the Shantung situation would be an executive session. We have gathered together a considerable amount of material which will be presented by Dr. Roland and probably will not be for publication.

Your letters are being returned herewith.

Very sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

I find that a card from you which was received in our office on October 27th has not been acknowledged.

However, I had the minutes as well as the accompanying reports of the Board of Governors meeting held in September sent to you immediately and trust you received same in due time.

We have noted your permanent address on our records and thank you for this information.

It is indeed gratifying to know that you are enjoying your work. We shall, of course, keep your name on our mailing list for receiving such information as may come to hand from time to time.

May I thank you for your kind wishes which I have passed on to Mrs. Evans.

Most sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

I found it impossible to answer your card on Saturday morning, but I think I am in ample time even today as I have hardly begun on my own income tax reports.

Gifts to the Associated Boards for Christian Colleges in China or to any of the other Colleges, except Shantung Christian University are deductible and are included in gifts to religious organizations. Of course, these must be itemized. In other words, if you have a remittance sent to us and holding an Associated Boards receipt this may be deducted from your income tax report. Any funds which were sent direct to Chungta cannot be deducted. The reason for this, as you know, is that Shantung is incorporated by Special Act of Parliament of Canada.

Very sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

Your letter enclosing \$17.00 has come to hand and we are forwarding it to the field as was done last year.

Dr. Lair is now located at the Presbyterian Church in Pasadena. Much to my regret he did not see his way clear to carry on the work here in the East during the Spring months. I wish I could be more optimistic regarding the Chinese program, but it was a thing which baffled Harold constantly and for which I have no solution. They are safe for the time being, while United China Relief is in the picture, but it is the post-war picture which I am worried about.

Best sincerely yours,

C. A. EVANS

Dear Mrs. Mills: I am sorry for the delay. I hoped to get an answer from Jerry Winfield as to how much he could carry & order accordingly. My suggestion to you as to pneumothorax needles needed by Dr. Struthers is as follows: - (a variety & ask them to decide after use which they want for the future)

Pilling Co, Phila.:-	FP17183 (pneumo needle) @ 4.50	order 2
Boston Dickinson	{ 475 LNA (sharp outer ") @ 7.50 a doz	" 4 (1/3 doz)
Rutherford, N.J.	{ 475 LNB (blunt inner ") @ 13.50 a "	" 4 (1/3 "
	also 606/L (adapters) @ 1.50 a doz	" 12 (1 "
	(L/S (stopcock for pneumo work) @ 30.00 a doz	" 6 (1/2 "
V. Mueller & Co. Chicago	TC 630 (blunt needle, side opening) @ 2.00	" 2

May I ask when you plan to have the Cheeks Board & Women's Committee meeting? I hope to come but must plan ahead.

Sincerely,
 Julia Truozaw.

September 14, 1943

Dr. Julia Morgan
4215 Osage Avenue
Philadelphia, Pa.

Dear Dr. Morgan:

In July Mr. Evans wrote to you asking you to communicate with Mr. Liggett of Arthur H. Thomas Co. in Philadelphia, giving him information on the kind of pneumothorax needles that are used in Chengtu. As you know, Dr. Scott gave us a small order for different kinds of needles to be send out to Cheeloo and wanted these included in the order. When we heard from Arthur H. Thomas last, they still had not gotten definite specifications from you.

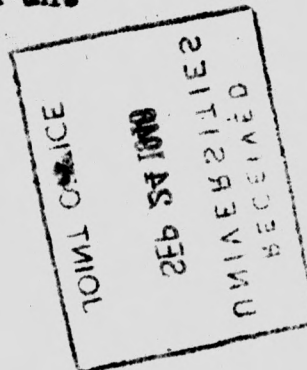

I am writing now to ask if you will kindly give us definite specifications needed for ordering such needles, as we are placing an order here in New York for some equipment that Dr. Scott wants. We hope to get these things out to the College by people returning. In fact, some of the first lot have already started on their way.

Thanking you for any help you can give us in this matter, I am

Dear Dr. Morgan:

Thank you for the information about the pneumothorax needles. We have ordered the kind and number you suggest, and will hope to get them out to China soon.

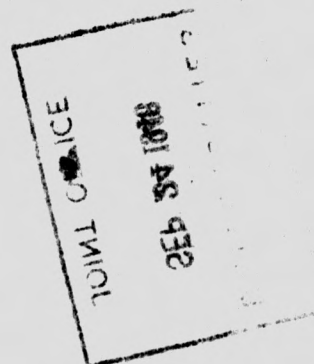

You will be glad to know that we sent 70 hypodermic needles of various sizes and 3 spinal-puncture needles by Mr. Winfield. He seemed to think that he would have no trouble with them and took all that we had. If I had had the pneumothorax needles at the time, I am sure he would have taken them, too. We have also sent 6 stop cocks out by him and others.

There will be an Ensemble Meeting of the Board of Governors of Shantung Christian University on October 19th in New York. This will naturally include the Women's Committee. I hope that it will be possible for you to attend.

Sincerely yours,

Mrs. W. Plumer Mills

Dear Mr. Evans:

Enclosed please
find my year's contribution to
Cheelo. (check for 1001.77). Please
send word that it is to be used like
my check of a year + a half ago,
for extra food for medical girl
students, its use to be decided on
by the woman's advisory committee
to the president. — in other words,
just the same stipulations as last
year.

The other check is given by one
of my friends, + it is to be used for
a Cheelo girl medical ~~student~~

0746

for a scholarship. Miss Smith
wants to know the name of the girl
who gets it. Please ask the
woman's advisory committee to the
president to decide to whom to give
it, & let me have the name. Sorry
to ask for it, but Miss Smith wants
it & that will hold her interest.

Both Miss Smith & I would like
to have a statement from you of these
gifts, so as to use it in our income-
tax reports; please.

I think you would do well to keep in
touch with Miss Smith with literature
etc, too. Her address is 500 S. 49 St,
Philadelphia (Miss Alta M. Smith).
Please send her statement for income-
tax purposes directly to her.

Best wishes for the holiday season
to you & Mrs. Waud.

Sincerely,
Julia Morgan

Dec. 29, 1943

Mr. C. A. Swans,
150 Fifth Ave., N.Y.C.

Dear Mr. Swans:

Did you or did you
not receive from me about a week
ago a registered letter containing
two checks, one for \$100.00 + and
one for \$75.00, ~~and~~ indorsed to
China Christian Colleges, and to be
used for Cheong University
women medical students? I am
concerned to have had no
acknowledgement + want to trace
the letter if you have not received it.
May I hear from you at once if
convenient.

If the money has not already
been sent, I would like \$100
of the \$100.00 to be sent as a
personal gift to Dr. Lin Kien Ching
just as I did last year (June or July)

0748

The rest of the money I told
you about in the letter will
wait your word before repeating.

I am anxious about these
checks, partly on my own
account + partly because
the \$75 check was given by a
friend of mine here in the city,
and we both want a statement
that will serve for the year
1943 for income tax reports.

I hope the letter has not gone
astray, but has perhaps only
been delayed in the heavy
Christmas mail.

You will let me know, I'm
sure.

Sincerely,

Julia Morgan

Dear Mr. Evans: In a few days I will have April 23
arrangements completed for Dr. Liang Chi Hsian &
his wife, Dr. Chang Chiang to come to America for
study. They are our graduates & have sent word
some months ago through Struthers for us to make
arrangements. Can you send a cable for this? Are
you sending any other cable to which it could be
attached? It should go to Dr. Struthers or else
should read "Tell Struthers" + will be worded something
like this: "Timothy + Esther Liang's appointments
secured tuberculosis sanatorium, New York and
Children's Hospital internship Philadelphia, board and
room supplied, no salary, work starts July or August.
Wire acceptance for 1 year, Timothy admitted
Cornell Medical College, Esther Penn Medical College.
Wire acceptance. Have you advice now? Please do not cable till you

0753

2554153

January 3, 1944

Dr. Julia Morgan
4215 Osage Avenue
Philadelphia 4, Pa.

Dear Dr. Morgan:

I am sorry that your letter of December 20th caught us in such a deluge of activity that practically all routine mail was laid aside. Suddenly and without warning we were notified to prepare four Chinese for return to China and since December 22nd, the day on which your letter came to hand, we have spent our time with these Chinese professors in order to get them prepared for sailing from New Orleans. They left us last Friday and now we are trying to gather together loose ends.

Your letter of the 29th came to hand at a time when it was impossible to make an immediate reply. The check for \$1,001.77, however, was received and was credited as a year ago, and a receipt is enclosed herewith for this amount and made out in your name. The check for \$75.00 from Miss Alta M. Smith likewise was received and we are forwarding the receipt to her.

We will notify the Committee regarding both of these gifts and they are being sent directly to the Treasurer. We are also emphasizing the necessity of allocating Miss Smith's gift to a special girl and that we are to be notified of the name of the person selected. Yet I am not too optimistic on an immediate reply as two similar cases have been pending for nearly three years now without results. We hope Dr. Tang, however, will be able to move more quickly. According to your letter we are stipulating that \$100.00 of your gift is for Dr. Lin Lien Ching.

With many apologies for this delay and with the Season's Greetings,
I am

Very sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

I received your card regarding the arrangements for Dr. Liang and his wife. I noted that you said not to cable until you wrote again but I completely overlooked the request for advice now.

The wording of your cable would seem to cover the ground all right as far as the authority for government officials. There is one question, of course, regarding travel. It is costing us \$2,000 per person at the present time as a minimum amount and I am wondering if they will be able to secure \$4,000 American for this purpose. Confidentially, just recently we have had recommendations from several sources not to bring technical people to the United States at the present time as institutions of this kind are bereft of the best of the teachers who are in Government service. Therefore, anyone coming to America to study now will not secure the best instruction. Have you any wisdom upon this point?

Most sincerely yours,

CAE:EW.

Dear Dr. Morgan:

It gives me great pleasure to acknowledge your letter of July 7th enclosing check for \$30.00.

The cost of the cable was \$9.00 and therefore we are forwarding to the Treasurer of Chealoo at Chungking the amount of \$21.00 for food for girl students.

I certainly share with you the deep concern we have regarding the inability of Chinese students and faculty members to come to America. There is one slight ray of hope in the possibility that some of our friends had passports before this edict on the part of the government went into effect. The hope is very slim, however.

What about yourself regarding a vacation? I am trying to plan for some time off but it looks dubious now for more than a few days at a time, now and then. I certainly cannot get away much before the first week in August, even then it will be necessary to stay nearby.

With sincerest personal regards to you, I am

Very truly yours,

Philadelphia 4, Pennsylvania

Dear Dr. Morgan:

The Cheeloo Board of Governors meets here at 9:30 on the morning of Friday of this week, November 3rd. If it is possible for you to arrange at this late date to be present, at our expense, we hope very much you will do so. It now seems likely that there may be some careful discussion of Cheeloo's own attitude towards the future, its program and even its *raison d'etre*. Our Planning Committee for all the colleges must shortly come to grips with some of the questions which have been hovering in the background for months:-- Shall we endeavor to promote the interests of all the Christian colleges in China after the war on much the same basis as obtained before hostilities, or does the situation demand some measure of re-alignment, and priorities in the use of general funds which may be available for rehabilitation? While this question concerns the colleges in the Shanghai area more directly, perhaps, than any of the others, yet as you know there has been for a long time considerable feeling that at least some further co-operation between the two institutions in North China should be sought. This ensemble meeting of the Cheeloo Board seems, therefore, an appropriate opportunity for a formulation of Cheeloo's own attitude, though perhaps actual framing of any statement may be left to a small committee.

We are hoping that several members of the faculty can be there, including Dr. Lair, Dr. Annie Scott and Dr. Ernest Struthers, as well as yourself. A copy of the agenda is inclosed.

Very sincerely yours,

ING

Dear Dr. Morgan:

Agreeable to my promise of the other day I am writing you further regarding the use of the \$500.00 which you sent us.

At the present time we are using parcel post facilities for sending books to China, sending out a few each week. You cannot insure or register these parcels, if they are lost that is the end. We are rather reluctant to use the Rockefeller Foundation facilities in Calcutta very much. Mr. John Grant is going on a leave and we do not know who is to be in charge.

We do, of course, get a rebate on all purchases and presume you can do the same. We could follow your instructions or you do the buying and send the bills to us.

Miss Alta Smith sent \$75.00 and we will follow your advice in notifying the field.

With every good wish to you, I am

Very sincerely yours,

CAE:EW.

Dear Dr. Morgan:

A license must be secured for the check which you left ^{except} with me. There was no chance whatsoever of getting it paid by stating, "It was a mere transfer of funds from a young lady in China to you, even though the bank was in New York." The bank having taken that position was definitely committed to carrying through on its previous position.

Just as soon as the license is approved the account will be cleared and credited to your account in the Carlisle Trust Company.

Very sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

I thought you would be interested to know that we have just received a contribution of \$100.00 from your friend Miss Jane Van Ness Smead, 1806 North Park Avenue, Phila., 23, Penna. The last paragraph in her note read as follows, "While interested in China and in Christian work there as a whole I like to think of this going in the name of my friend Dr. Julia Morgan of Cheeloo."

We designated Miss Smead's contribution specifically for the current needs of Cheeloo.

Sincerely yours,

JAMES A. CAMERON

Dear Dr. Morgan:

I am replying to your letter of June 14th and herewith you will find receipt for the \$25.00 which you enclosed in your communication. This is in addition to the \$500.00 you sent in December.

The shipping situation has not improved in general. However, Dr. Kilborn is planning to return about the first of August and Dr. Lindsay of the Dental Department hopes to return at the same time. Dr. Ernest Struthers is also planning on getting away and it would seem between the three of them some considerable amount of equipment could be gotten through. We are checking with them about the possibilities along this line and will let you know.

Most sincerely yours,

C. A. EVANS

Dear Dr. Morgan:

Agreeable to your request, we have opened a Suspense account for Luan Ju-lan and to this account we have credited \$241.80.

We are enclosing a memorandum of this deposit, of which we hold a duplicate and upon presentation of the enclosed Dr. Luan may claim the amount which is held on the Shantung books.

We have been trying to get some definite word from Messrs. Kilbern, Struthers and Limisay about taking material to China, but they are not committing themselves immediately because of the large amount they have collected themselves. I am making a memorandum for two weeks hence in the hope that something will come in which will be of interest to you.

Very sincerely yours,

C. A. EVANS

Mr. C. A. Evans,
New York City,
Dear Mr. Evans:

Will you please send
the following cable to China at once.
Dr. Liang (Timothy), the husband of
Dr. Chang Chiang², is now at
Raybrook & says he wishes to pay for
the cable, so will you please send
the bill to him. If he has any
difficulty paying, I will do so.

This cable is to go to Dr. Cheen,
not to Cheelo. It is as follows:—

(over)

(I don't know what NLT means. Dr. Liang
had it on his copy.)

0778

NLT

sent 1/14/45

Dr. S. N. Cheer,
Dean Medical College,
National Central University,
Chengtu, China

Position open house staff children's
hospital Philadelphia,

Dr. Chang Chiang-E, starting July
Free maintenance. Cable acceptance

Scott Morgan

(P.S. If you have any question about this,
please phone Dr. Annie Scott at Babies
Hospital, or % Dr. Dorothy Anderson
106 Cabinn Boulevard, so that we
can get it off at once)

Many thanks always,

Jan 18.

1/30/44

Dear Mr. Evans:

Thank you for your
letter. Enclosed is check for \$500,
and, as you have agreed, I'd be
obliged if you would hold it to
have me draw against it for the
purchase of medical books &
supplies for Cheloo.

I think you can probably help me
to the necessary information as to
how to get them out there, when
purchased. My idea for the books
was to send one or two at a time
by parcel post, 4½ lbs per parcel

0780

2
5
5
4
5
7

per week according to the 12/28/44
Shanghai Evening Post & Mercury.

Have you any better thoughts?

Dr. Forbes last June promised that
he would arrange to receive 100
stethoscopes if I sent them to an
address he gave me in Calcutta.

How would I send them to
Calcutta? Air mail? Or
regular parcel post? Any use
insuring such parcels?

Thank you for any information
you can send along. How do I
draw on this \$500? Just ask the
company to send the bill to you? Or
do you get a large rebate on such
orders, so that I'd better order through
you?

JAC

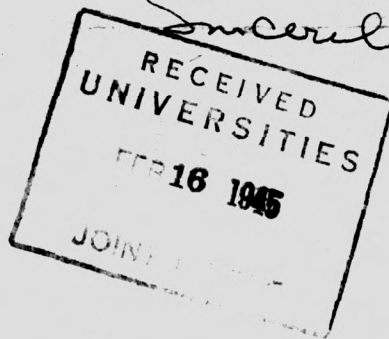

P.S. Miss Alta Smith who
contributed \$75 last Dec. for a
scholarship for a Chinese girl
medical student, may be doing
the same thing this year. The
student who received the money
last year was a girl by the name
of Kuo and Miss Hickson's letter
telling what a good girl she is &
how much she needed the
money impressed Miss Smith a
lot, so she would like to
continue with that girl. I
suggested to her that she say
"Miss Kuo if she needs it still,

0782

otherwise some other girl."

For your part, I should think
your cable could just say
"\$75 from Alta Smith to same
student as last year" if needed
or anything that means the same
thing. She is a person we want
to cultivate, I'm sure. She is a
member of my church here,
you may know.

Sincerely

Dear Mr. Evans:

Here's my plan for
my gift to China, ^{+ Chee-los} this year. I'd
like to send out stethoscopes &
text books, several hundred dollars
worth. Now, as the income tax
is coming along, I'd like to ask
you this. May I send you a
check for the amount now &
then have you hold it for me to
buy the stethoscopes & books out
of in the next month or two?

Will you please drop me a
special delivery post card about
it right away? Sincerely,
Julia Morgan

Dear Mr. Evans: If you have ~~not~~ sent
the cable I requested you to send to
Dr. Cheen in Cheongtu, please do not
send it. You probably have done so
and, if so, it's all right. Dr. Liang now
writes me that it's necessary to send
such cables differently. He has just
found out. Please drop me a card as
to whether or not the cable has gone out.

Yours sincerely,
Lia Morgan

0789

LETTER FROM CHINA

Dr. Julia Morgan Recounts Her Experience in Tsinan as Japanese Captured the City

To the Editor of The Sentinel: Sir: Very recently I received a letter from my daughter, Dr. Julia Morgan, in China, telling of the entrance of the Japanese into her city, Tsinan of Shantung Province. It occurs to me that some of your readers might be interested to hear the personal account of what has gone on in at least one Chinese city. The letter, of course, is a personal one but I give it to you as it came to me; as I might lose some of its atmosphere by any changes I should make.

The background is this: There is in Tsinan a university with a medical school and large hospital. In October the medical school closed and the students and Chinese members of the teaching staff accepted an invitation to join with the University of Chengtu in West China probably 2000 miles away. The Tsinan school is continuing its work as best it can. The English, Canadian, and American members of the teaching staff of the Tsinan school, however, remained in Tsinan to continue the hospital service. Those mentioned in the following letter are all of this class, Dr. Scott, Dr. Gauk, and Miss Hazel Myers being members of the house family of my

To whom should we send your Valentine? Phone GEORGES 26.

daughter. The letter is as follows:
J. H. MORGAN.
Carlisle, Pa., Feb. 2, 1938.

Cheelo University
Tsinan, Shantung
China

December 27, 1937

Well, one day is past. For the last few days everyone has been saying that the Japanese are getting nearer, had crossed the river about 100 miles from here, and would probably be here soon. Then yesterday morning we heard they were only a few miles away, and the committee which is heading up the university now told us single ladies we'd better move inside the medical compound, into a house that we had fixed up with stoves a month or two ago in preparation for such a possible emergency. Our house, as you know, is outside the city gate and the medical school and hospital are inside, so we were afraid we might not be able to get back and forth to work for one thing. Well, yesterday morning we started to move our things in, and every time we moved a load, we'd see the sandbag barricade that Chinese soldiers were building at the gate getting higher and the crack through which we could pass getting narrower. As we were trying to take with us the things we especially didn't want looted, as well as all the blankets, comforts, food, kitchen utensils, etc., that we would need for an unknown period, it was quite a job, and there were none of the usual ricksha men around to help carry, so we had to be hospital workmen. Finally

about lunch time word came in that we wouldn't be able to send things in much longer, so we hastily threw the rest of our things into carryalls, etc., and rushed through. Hazel having been in bed again for a week doing this on her first day up, hanging onto my arm, Anna carrying Sammy the cat wrapped in a pillow case and telling the world how he objected. As we passed through we saw the last of our friends, the Chinese soldiers, for, as it turned out, the city was not defended and the Chinese soldiers left at midnight and the Japanese troops came in at 3 a. m. All day today more have been coming in, and they estimate that we have perhaps 10,000 in town now. They say they have marched 100 miles in 3 days. We guessed yesterday morning that there would be no defense of the city, for early in the morning the Chinese started dynamiting and firing the public buildings, the schools, etc., so as not to leave more of value behind than they could help. Our gate between us and our house (and campus) is now manned by the incomers, one of whom talks some English, and the streets are full of them. Another thing, rather sad, is the amount of looting going on from any vacated buildings, especially the government buildings that are partly burned. The Chinese populace has fallen to carrying off all they can get away with, and men, women, and children go streaming along the street with boards and chairs and tables and window frames and doors, anything they can pick up or tear loose. It's a sight. One of the thoroughfares has

been right in front of our hospital, and the loot from an industrial school that had been occupied by Chinese soldiers before they pulled out, spent the morning going past our hospital gate. We live from day to day, and wonder what the morrow will bring forth. Our medical school dormitories next door to us are full of refugees, mostly, I guess, people with whom we have some connection, staff and wives, or other employees' families. They are about one family of 7 or 8 to a room formerly big enough for one or two students, but they are glad of a place of refuge at a time like this. Some things are happening of course, and they think negatively that it's just as well to be on the inside of a fence and in a compound that is supposed to be protected by its American and British. I hope the protection will hold. Planes zoomed overhead all day today nearer than they've ever dared to be before, but it was a relief to know that they would not drop bombs. One city to the south of us, Taian, where we have a mission station, had 100 bombs dropped on it the other day.

"I was dead tired after the moving yesterday, and could hardly get to bed early enough, slept late this morning and had another go at it after lunch, and with difficulty got myself up and over to OPD. We didn't expect many patients and we didn't have one. Almost all the patients these days are bomb wound cases, and I have only a few medical patients. Dr. Smyly, Dr. Greene and I are medical staff. I've been putting in my spare hours examining employees, and trying

to get them on a good physical basis. We have about 120 still on duty, and this is a good time to start when we have only a few to start on. Dr. Mosse went down to Tsingtao to spend Christmas with his family and is still there, of course. I'm glad I'm not. We're completely cut off from the east and north, and probably from the south too. Mails they're trying to send out, aren't succeeding toward the east, so are going to try sending them north to Tientsin tonight. Whether you get this letter or not is problematical. Dr. Gauk is still in Wehsien, and I'm rather worried not knowing what has happened there.

"We had Christmas at least, nice of them not to come in on Christmas Day but to wait till the 26th. Anna and I went over to the Baptist Mission for noon dinner, but when we started home found too many planes overhead for real comfort so went indoors again and waited till they disappeared. The troops that have come in are well dressed in khaki colored woollen uniforms, and fur-lined caps with cartabs, and some provision, carried in a sort of knapsack, as well as good looking rifles, etc. They look very business like, and very human."
