THE BOARD OF FOREIGN MISSIONS
OF THE PRESBYTERIAN CHURCH IN THE U. S. A.

156 FIFTH AVENUE
NEW YORK

OFFICE OF SECRETARY

January 30, 1936

Dr. B. A. Garside,
150 Fifth Avenue,
New York, N.Y.

SHANTUNG

F

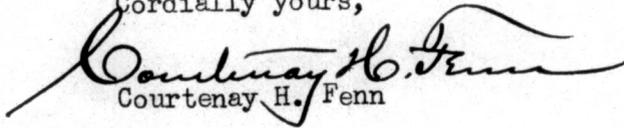

Dear Dr. Garside:

Your letter of December 30th with regard to Cheeloo School of Medicine was acknowledged on December 31 with the statement that your letter was to be shared with Dr. Dodd and Miss Elliott on their return from Indianapolis. It was so shared, but reactions have been slow in coming. We are, of course, giving consideration to a possible successor to Dr. Stearns, and Dr. Dodd has given me the following memo with regard to Dr. Firor:

"Dr. Firor was in to see me a little while before this letter came, and happened to speak of the Cheeloo opening. I suggested that he talk with Dr. Shields. But I don't think he had time to do it during that visit in New York. My impression was that he wasn't sufficiently interested to consider it seriously. But it would do no harm for Dr. Shields to write him and sound him out. Dr. Firor's greater interest is, of course, in India. We talked over the possibility of his returning to Miraj, but he is not prepared to do so at present, though it isn't out of the question for the future if there should be different circumstances. I think he wants to keep himself open for a possible India call sometime. But there is no "keep off the grass" sign around."

We are rapidly approaching a decision in the case of Miss Hazel Myers. If at this stage of negotiations you wish to discuss matters more personally, I am sure that both Dr. Dodd and myself, and Miss Elliott also, will be glad to *see you*.

Cordially yours,

Courtenay H. Fenn

THE BOARD OF FOREIGN MISSIONS
OF THE PRESBYTERIAN CHURCH IN THE U. S. A.

188 FIFTH AVENUE
NEW YORK

OFFICE OF SECRETARY

January 30, 1936

JAN 30 1936

Dr. B. A. Garfield,
180 Fifth Avenue,
New York, N.Y.

Dear Dr. Garfield:

Your letter of December 30th with regard to Cheelo School of Medicine was acknowledged on December 31 with the statement that you were to be shared with Dr. Hood and Miss Elliott on their return from India. It was as shared but reactions have been slow in coming. We are, of course, giving consideration to a possible successor to Dr. Stearns, and Dr. Hood has given me the following memo with regard to Dr. Ely:

"Dr. Ely is to be seen as a little while before this letter case, and happens to speak of the Cheelo opening. I suggested that he talk with Dr. Shields. But I don't think he had time to do so during that visit to New York. My impression was that he wasn't intelligently interested to consider it seriously. But it would do no harm for Dr. Shields to write him and sound him out. Dr. Ely's greater interest is, of course, in India. We talked over the possibility of his returning to India, but he is not prepared to do so at present. I think it is better to keep him open for a possible India call sometime. But there for the future if there should be different circumstances. I think he is no 'keep off the grass' man."

We are rapidly approaching a decision in the case of Miss Hays. If at this stage of negotiation you wish to discuss matters more generally, I am sure that both Dr. Hood and myself, and Miss Elliott also, will be glad to see you.

Cordially yours,

Constance H. ...

In re: Miss Hazel H. Myers

My dear Mr. Evans:

I promised to let you know when Miss Hazel Myers was appointed by the Board. This event occurred yesterday. I enclose a copy of the action which will probably give you all the necessary details. We expect her financial relationship to begin when she starts from home for China.

Miss Myers was in the building yesterday and met a number of the Board members, and we are looking forward to seeing her frequently and also having her attend the conference for outgoing missionaries in June.

Sincerely yours,

Ruth Elliott

March 5, 1936

Dr. Arthur J. Brown
1235 Park Avenue
New York City

My dear Dr. Brown:

Let me acknowledge receipt of your note of March 4th in which you ask concerning Dr. Hume's work in China. I have consulted with Dr. Dodd and Dr. Vaughan and they give me the following information:-

1. Dr. Hume was invited by F. C. Yen personally to help with the National Chinese Medical School in Shanghai, in 1935. When he arrived in China he was invited by the government to help in their medical work.
2. He was appointed in 1935 as liaison officer between the Government Health Administration and the mission hospitals.
3. He was appointed by J. Heng Liu, the National Health Officer on the recommendation of the National Christian Council of Shanghai.

For your reference I give below the address of Dr. Hume in China:-

c/o Chinese Medical Association
41 Tsze Pang Road
Shanghai, China

I sincerely hope that the above information will give you all the necessary facts you must have for your chapter on China.

Sincerely yours,

B. A. Garside

APPROPRIATION LETTER 1936-1937

BOARD GENERAL LETTER

No. 58

INDEXED

May 14, 1936

TO THE MISSIONS:

I.

You will rejoice to learn that the year closing March 31, 1936 ended with a small surplus of \$4,883.34. It needs to be said at once, however, that this result was attained only by using sales of property on the field and legacies which, except for the present emergency, the Finance Committee would have applied to capital funds. The contributions from living sources were \$36,860.40, or 1.82% less than in 1934-1935 and if the Board had adhered to its established principle of applying only \$125,000 annually from legacy receipts to the current budget there would have been a deficit on the year of \$220,445.94.

The surplus of \$4,883.34 applied to the accumulated deficit of April 1, 1935 leaves a net deficit to be carried forward of \$540,561.

In this situation the Board has carefully considered the budget for the year 1936-1937 and has approved the following:

RECEIPTS

	Actual 1934-1935	Actual 1935-1936	Estimated 1936-1937
1. Receipts from Living Sources:			
Churches	\$ 985,079.82	\$ 969,894.32	\$ 985,079.82

Deficit or Surplus	D\$ 26,437.41	S\$ 4,883.34	D\$ 221,695.05	D\$ 131,186.48
* Est. Savings Cl. I-II-V-X				

This leaves the budget unbalanced in the amount of \$131,186.48 and carries forward the deficit of \$540,561. The Board hopes that increasing contributions from living sources will care for the prospective deficit on the year and make possible some reduction on the old deficit. If not, the Board will have to face at the close of the year the question whether the enlarged deficit can still be carried or whether some provision will have to be made for its extinction either by the use of capital funds or by reduction in the work, which the Board would deplore and will do anything in its power to prevent.

These appropriations provide for the restoration of another quarter of the reduction in all salaries effected on April 1, 1933. Last year one quarter of this reduction was restored on October 1st. A second quarter is now restored beginning April 1, 1936.

Attention should be drawn to three items in the estimated receipts: (1) This estimate anticipates an increase of \$36,860, or 1.86 per cent in the receipts from living donors on the year 1935-1936.

For many years the Board was able to count upon an annual increase of ten per cent. The Board believes that this small increase of \$36,860 is far too little to expect and we will hope and pray and work to the end for a much larger advance. It believes that the Church will recognize the duty of making at least the advance requested to cover the total ten per cent reduction of salaries now provided at an expense of \$146,000. (2) This estimate contemplates the use of legacies in the amount of \$300,000, instead of \$125,000, which has been the established rule which the Finance

0784

MAY 14
1936

Committee desires to maintain. The Finance Committee does not believe that it is the general intent of testators that their non-recurring legacies should be at once exhausted in meeting an annually recurring expenditure. (3) The item of \$50,000 proceeds from sale of property on the field is an estimate that can only be realized if the missions, in cooperation with the Board, will at once examine their property holdings and see what properties are not and may not be needed for mission purposes, and will dispose of them and forward the proceeds to the Board. Any failure at this point will only increase the possible deficit at the end of the new year 1936-1937.

II.

The following table shows the distribution of appropriations for Classes I and II:

Class I.

Central China	\$ 28,250.34	Iran	\$ 97,251.30
China General	25,802.18	Mesopotamia	10,030.00

			\$ 563,347.50

0785

MAY 14 1936

There has been a net loss of 47 missionaries in the year but the saving on this account in Class I is more than offset by the restoration of the salary reduction.

The large increase in Class II calls for careful study on the part of the Missions and the Board. In 1934-35 Class II was 23.68 per cent of the total of Classes I and II and in 1936-1937 it is 33.4 per cent.

We are happy to report the following action of the Board taken on March 16, 1936:

"It was voted to discontinue the regulation adopted by the Board on February 20, 1933, providing for a one year extension of the terms of service provided in the Manual, this discontinuance to take effect April 1, 1937. In spite of the extra financial burden that this will involve the Board believes that it is desirable on health grounds and for the sake of the general morale of the missionary work. The Board would express its appreciation of the loyalty and sacrifice of the missionary body in cordially accepting this emergency measure during the past three years. In returning to the terms of service provided in the Manual the Board would urge the Missions to arrange furloughs within the generous provisions of the Manual and to regard the terms of service set forth there as the minimum terms save where health conditions in the judgment of the doctors require a modification."

III.

The following table shows the distribution of the appropriations for Classes V-X, the amounts being the same as for the preceding year with the exception of some minor changes in a few cases from new specific endowment income. The figures include the continued grants from the Harkness Evangelistic Fund in American dollar amounts, these amounts being the same for each Mission as a year ago. There remains enough in the Harkness Evangelistic Fund for only one or two more years and the Missions are advised to adjust their work so that there will be the least loss and inconvenience when this Fund is exhausted. Favorable exchange rates make it possible to provide the Classes V-X appropriations without reduction of last year's grants.

It is well to have in mind the note in last year's Appropriation Letter, with regard to the appropriations of the interest on the specific Endowment Funds applicable to mission enterprises in U. S. currency.

"Considerable pressure has been put upon New York to let the interest items on Endowment Funds appear in the appropriations as U. S. items only, that is, omitting entirely the native currency equivalent at the arbitrary rates adopted by the Board. The Board is complying with the request, though it recognizes that this introduces to the field the speculative element of exchange, as the Mission Treasurer or the Institution concerned will seek to have the U. S. amounts sold so as to secure the largest possible native currency equivalent for the field.

"In this connection, we must call attention to the fact that the Board is making available to the field not interest earned in the preceding year, but income that is to come through the months of the new year upon the investments behind these funds. The Board therefore could not authorize the drawing of the full amount of this interest in the early months of the year, simply because the exchange rates appear to the field to be favorable at that time. Where the amount of the fund is considerable, the Board must ask, and the Mission

0787

2
5
7
4
7
4

MAY 14 1936

Treasurers must see to it that the request is complied with, that the amount of the interest be drawn through the year just as salaries and Classes V to X appropriations are drawn."

The interest rate on these Endowment Funds is 3½ per cent. The Board allowed 4 per cent in 1935 but the funds did not earn this.

IV.

Appropriations for Class III or New Missionaries is in excess of last year's Class III because of the purpose of the Board to send out twenty-five reinforcements. These will not nearly replace the losses due to death, retirement, etc. And the Board earnestly hopes that the Churches will soon make possible a far larger body of reinforcements from the young life of the Church which is ready to offer itself.

The requirements for medical care and furlough study have been greater than the items provided for these purposes and it has been accordingly increased from \$25,000 to \$40,000.

V.

The appropriations under the two headings of Cooperative Work (most of this work, however, being included in the regular appropriations of the Missions), are hereby made as follows:

COOPERATIVE WORK—FIELD

La Nueva Democracia	\$1,290.00
The Committee on Cooperation in Latin America	4,261.00
Mountain Rest	300.00
Ventnor Homes	400.00
Missionary Review of the World	425.00
International Review of Missions	385.00
Moslem World	48.00
Bureau of Christian Literature in Africa	296.00
	<hr/>
	\$7,405.00

COOPERATIVE WORK—U. S. A.

Advisory Committee of Christian Colleges in India	\$1,400.00
Associated Boards for Christian Colleges in China	772.00
Missionary Education Movement	1,500.00
Committee of Reference and Counsel	8,033.00
Foreign Missions Conference Reports	102.00
International Institute of African Languages and Cultures	50.00

MAY 14
1936

VI.

The problems which beset the Foreign Missionary enterprise, both at home and abroad, are more grave and difficult than they have been for many years. In some denominations the view has seemed to prevail that the missionary enterprise has reached its climax and that foreign missions contributions in personnel and appropriations must hereafter steadily diminish. We are not prepared in our Church to accept this view. In a world of such appalling need and with resources at home so adequate, in spite of the stringency and depression at present, and with the command of Christ still unfulfilled, we cannot believe that our Church will turn back from its task, but we must all unite in faith and prayer and love and in true loyalty to our Lord Jesus Christ to meet the problems that confront us with unflinching courage and full obedience to the will of God.

Very faithfully yours,

Memorial Minute to be Adopted by the Woman's Committee of Choeloo
University

As one of the many groups to whom Luella Miner's life brought lasting blessing, the Woman's Committee of Choeloo University would place on record its grateful and affectionate tribute to her rare gifts of mind and of spirit. Her sudden passing on December 2, 1935, while she was busy at the work she loved was as she and those to whom she is dear would have planned it. Out of her seventy-four years of life forty-eight were spent in China. Rarely, if ever, in the span of one single life have three distinct spheres of service been so successfully filled. In the political and social development of the Chinese nation, in its religious and its academic life, Dr. Miner's influence was conspicuously potent. From such a wealth of achievement it would not be easy to single out her greatest contribution.

(She founded in 1905 the first institution in the Chinese Republic to give collegiate degrees to women.) Her years as principal of Bridgman Academy gave her the opportunity carefully to think through a curriculum for advanced study for graduates of girls' middle schools. For fifteen years she was the President of the North China Union Women's College. When this institution became a part of Yenching University in Peiping in 1920, Dr. Miner accepted the position of Dean of Women. At the end of two years she went to Choeloo School of Theology, Tsinan, as Professor of Religious Education and acting Dean of Women. *It was a source of Supreme Satisfaction to her to make way at the earliest opportunity for a Chinese Dean of Women.*

Dr. Miner occupied an influential and trusted position in the political life of China. During the revolution of 1911 she was made president of the Society for the Protection of Women and Children, and adviser of the Peking Women's Red Cross. Her rare gift in

writing produced two influential volumes, "Two Heroes of China" and "China's Book of Martyrs." She applied her unusual intellect to a field not often explored by women, namely, theology. ~~She was a pioneer in this field.~~ Here was a mind conspicuously open to new truths, capable of applying old truths to a rapidly changing situation. She was forceful and strong in her convictions but gentle and understanding of another's point of view. Far beyond the recognition of Dr. Miner's unusual achievements in social and political reform, in the creation of an educational system, or in her scholarly work in theology, those who knew her would pay highest tribute to her complete absorption of self, her rare spiritual insights and sagacity, and above all her gift of transforming friendship to unnumbered folk all over China who, remembering her, call her blessed.

RE: WOMEN'S WORK BUDGET AT CHEELOO

*ack by letter to
Miss Hodge 1/22/37*

Dr. B. A. Garside,
Sec'y. Treasurer Cheeloo Governors,
150 Fifth Avenue,
New York City.

Dear Dr. Garside:

A few days ago I was called into conference with several women interested in Cheeloo University regarding "women's work at Cheeloo and the use of the \$50,000. of the Hall Estate which was designated for women's work at Cheeloo with the request that it be used for the salary of the Dean and for her office."

There were several questions raised including the availability of the income from this fund for the women's work, the budgeting and financial reporting, which were stated as not being satisfactory for a number of years, particularly in regard to the budget for the medical school and for the women's work.

I knew so little of this general question that I could not help much at the conference, but stated that the matter would be looked into and that I was sure that if there should be any mal-adjustments or misunderstandings, they would be corrected and cleared up in a satisfactory way. I suggested that Dean Yui talk the matter over frankly with you; she feels that her office and the women's work have been crippled for lack of funds to carry ~~it~~ on and that they should have the benefit of the income from the designated fund to which reference is made above.

I am sure that this matter can be settled to the mutual satisfaction of all concerned.

Sincerely yours,

George T. Scott.

F
closed by telephone
12/31/36

My dear Dr. Garside:

I hope you will not think that my failure to acknowledge earlier than this the receipt of your letter of December 17th in any way indicates lack of appreciation. On the contrary I was so deeply touched by your undeserved praise of my talk at the Cheeloo dinner, that I found it difficult to answer your letter. I am quite sure that you know what lay back of my desire so to present the work of Cheeloo as to win a maximum of appreciation and desire to support it from that very choice audience. I was so emotionally tied up in the history of the institution and I so definitely wished to make a contribution to the work into which my husband poured his life that it was far from an easy matter to speak.

If you are quite sincere in wishing to have the main points of my address for the archives of the office, I will do my utmost to dictate it. From experience I have found that my spoken and written style are as widely separated as the two poles. I should like to wager that very few of the sentences I uttered at the dinner could be parsed and, of course, if I were writing an article on the development of medical missions, the style would differ greatly from the form in which I tried to describe it in speech. So long as you understand as I know you do the difficulty in this matter of dictating the address, I will be very glad to proceed with it doing the best I can from the notes I have.

If Miss Peterson were free, it might not be a difficult matter to give her the dictation. Knowing what a tremendous load she carries in your office, I hesitate to suggest this. I shall be at Asbury Park for a long series of meetings and conferences from January 4th until the 11th. I have two or three speaking appointments out of town during the week of January 11th. I shall be in my office tomorrow, Thursday, until the middle of the afternoon. Perhaps you will be good enough to telephone my office in regard to the most convenient time for me to do this dictating. Please be quite sure that I shall fully understand that if for the next few weeks, you find it impossible to set any stenographer free to take this material.

May I add a personal word telling you how appreciative I am of the Christmas card you sent me. That is a very attractive young daughter of yours and I was ever so happy to have the greetings from you and Mrs. Garside. May '37 hold for you and all you circle the very best gifts.

Sincerely,

Mrs. M. Roys.

(Mrs. Charles K. Roys)

December 17, 1936

Memo to Dr. Scott,

You will remember that at recent meetings of our Chesloo Executive Committee and of the North American Section, we discussed the disposition which might be made of back dividends on the Aluminum Preferred dividends. Two suggestions were made:- (1) That we set up an "income stabilization fund" to guard against future fluctuations in income rates; and (2) That we give the field a little special help in clearing off the ancient deficits which have seriously handicapped President Liu.

Since those meetings, two developments have taken place:- (1) The Aluminum Company is paying on Dec. 21 a \$7.25 back dividend, totalling for our 650 shares \$4,875.00. (2) I find that the deficits which the University still has on its books amount to L.C. \$9,955.00, which at present exchange rates amount to about U.S. \$2,975.00.

It seems to me that it would serve many useful purposes if we could proceed as follows:- (1) Split this payment of back dividends approximately 50-50, appropriating one half to the field on account of their deficits, and setting up the other half on the Section's books as an income stabilization fund. (2) Cheer and encourage the field, and particularly President Liu, by sending them just before Christmas a cablegram extending our holiday greetings and announcing this appropriation.

As the matter stands now, we ought to have approval by the Section before anything is done. It would probably not be practicable to have a regular meeting of the Section before Christmas, but if all the officers of the Section are agreed as to the desirability of some such procedure as the above we could send out these proposals for approval by circulation vote. If that is to be done, such a letter ought to go out this afternoon if possible. Since I understand you are tied up in meetings, I am sending you over this memorandum. I can get in touch with the other officers by telephone if you think that desirable.

Sincerely,

0001

April 29, 1937

Dear Dr. Scott:

We are sorry that you were not able to attend Mr. McBrier's luncheon at the Bankers Club last week. It was a very enjoyable affair attended by over thirty members of the Boards of Trustees and Advisory Councils of the Colleges constituting the Associated Boards.

The discussion at the luncheon dealt chiefly with the plans of the Associated Boards for the appeal on behalf of the China Colleges which is to be made in the New York Metropolitan area in May and June. Those present constituted themselves a Metropolitan Committee to sponsor this appeal, and requested all members of the several Boards and of the Advisory Councils to join them in membership on this special Committee.

I was asked to invite you to serve as a member of the Metropolitan Committee of Sponsors, and also to ask that you indicate on the enclosed card your willingness to join with the other members of the Committee in the various ways indicated. All trustees and councillors in this area are considered ex-officio members of the Metropolitan Committee of Sponsors, so we will assume that you are willing to serve unless we hear from you to the contrary.

You will already have received the formal invitation for the Annual Dinner of the Associated Boards on May 10th. This promises to be a very pleasant occasion, and we look forward to the privilege of seeing you there.

Sincerely yours,

Executive Secretary

August 31, 1937.

Dr. George T. Scott,
156 Fifth Avenue,
New York, New York.

Dear Dr. Scott:

You will remember that in June our Associated Boards' Committee on Promotion began to make plans for a conference and retreat to be held during the week after Labor Day, for the planning of our promotional work during the coming year. The developments which have taken place in China during recent weeks make this conference even more important than it would otherwise have been.

We enclose herewith a preliminary announcement of the plans for the retreat, which will be held in Poughkeepsie on the evening of September 10 and the morning of September 11. We sincerely hope that you can attend, and that you will be ready to take part in all our discussion, meditation, and prayer.

If you wish to go up from New York by train, you can leave the Grand Central Station at 4 P. M. Daylight Saving Time and arrive at Poughkeepsie at 5:50 P. M. D. S. T. This will make it possible to get to the Vassar Alumnae House in time for dinner at 6:30.

With the hope that you can be with us,

I am

Sincerely yours,

New York City

Dear Dr. Scott:

We acknowledge with gratitude your generous contribution of \$100 toward our China Colleges Emergency Fund, designated for Cheeloo University. Our formal receipt is enclosed herewith.

Through the generous response of many friends of the China Colleges throughout the country, we have now succeeded in securing approximately one-third of the total of \$300,000 which we must obtain if the Colleges are to carry on through this present critical year. We must now redouble our activities to secure the remaining two-thirds which will probably be even more difficult to find. We are grateful for the assistance which you and Mrs. Scott are giving in these activities on behalf of the Colleges.

Very sincerely yours,

J. A. J. J.

Letters by J. B. Wolfe

December 23rd. Thursday

The first announcement that Shantung was in for it partly because of what had taken place in Tsingtao, here and elsewhere to Japanese property, was heavy cannonading out toward the River which continued quite a time into the night.

December 24th. Friday

Cannons were firing quite a part of the day. Some of the explosions were the blowing up of property by the Chinese soldiers. Eight planes went over about eight thirty directly over head going southward. Next morning we had a telephone message from Mr. Hanson that Taian had been badly bombed. Frequently during the day planes were over head. One Chinese troops seem to be leaving toward the south. The Japanese are reported to have crossed the Yellow River about a hundred miles from Tainan. The people are quite excited.

December 25th. Saturday

Twelve planes flew over head about 8:30 A.M. toward the south. Dr. Heeren and I bicycled out to the Huangtai Station to see the damage done the day before. The building had one direct hit, and there were a number on the platform and road near by. There was considerable shelling during the day. Just after finishing a fine X'mas dinner at the Abernathy's, five planes flew overhead and did some bombing. The police were handing out Hanfuchi's pawn shop goods and the people fought over them like dogs. Dr. Heeren got nearly mixed up in one of these scuffles as we went along. No word from Tsingtao since Thursday.

December 27th. Monday

The sun rose brightly with the promise of a good day. One felt as the day began our uncertain period might be drawing to a close. The first news as I went down to breakfast was that the "Japanese have come," and that our "Weitza Gate" had a company of Japanese soldiers on duty. It was with a wonderful feeling of relief that I sat down to breakfast that the uncertain days for Tsinan for the present were over. As I went along the wall, company after company straggling along thoroughly tired apparently quite human beings. Williamson and Dr. Shields were at the gate, and we stood there for some time watching the troops go by. There were some twenty or more guarding the gate. It seems that about eleven O'clock last night the Chinese soldiers, police and all suddenly disappeared. Everything was quiet in the city after the soldiers leaving, but for the big fires in different parts of the city. The Japanese troops came out to the "Weitza Gate" and took charge about three in the morning. Dr. King was staying with Dr. Ingle, and they woke up and heard the tramp, tramp as the soldiers passed by their house. They knew they were Japanese by the leather tread upon the cement road.

One of the guards at the gate could talk some English. He said they were very tired. They had crossed the River three days ago, over one hundred miles from here, and had been marching most of the time day and night since. He said at the River they killed "many, many soldiers." He very much emphasized "soldiers." Several groups stopped to rest a little at the gate and threw themselves down as the rest was about all they wanted. About everything in the line of Chinese conveyance was impressed into service--a little donkey with a good saddle on it, ox carts, mule carts, barrows etc. We talked with one driver that said he came from a village some ten miles east of here. Some carts were piled high with soldiers' equipment. There were some Chinese soldiers with hands tied together and some in civilian clothes. This marching by has been going on most of the morning, so we have little idea as to the number. They are also coming in from the two east gates of the city.

Letters by J. B. Wolfe (cont.)

I went on down to the hospital. There had been between eight hundred and a thousand refugees in the Midical School compound, not so large a number outside in the campus as the gate was sand bagged, and after seven O'clock last night no one was allowed to pass. Relief was seen on all the faces. Planes were overhead most of the day, and flying very low, generally two, four, or six together--big bombers most of them, and making lots of noise. One heard the expression a number of times, "now we are not afraid of them." It certainly was a different feeling from yesterday when every little while a plane or so was over the city dropping bombs most anywhere. A number of us went up to the Hospital roof to see what we could of the damage done by fires and explosions of the day and night before. One of the smoke stacks of the City power House was all askew, and smoke was still rising from a good many places. There was an observation balloon out toward the River and a lot of planes were overhead. The streets were filled with looters carrying off materials from the Girl's School just next to our London Mission house, men women and children struggling with all they could carry, a desk, a table, a blackboard. One man had a huge iron kettle over his head from the kitchen; another was crazily wheeling one of the looms on its wabby wheels. There seemed no fear whatever of the Japanese soldiers up at the gate.

Everything seemed so quiet that in the afternoon Dr. Heeren and I got on our wheels to take a little look around. We were surprised to find so many people on the streets, especially woman and children--and everywhere they seemed to be still carrying loot. We went to the American Consulate and got but little information there.

The Japanese commander had not yet arrived, but was expected to arrive about two O'clock. On Ch'i ta Malu (7th. Street), we came up with quite a large crowd, and in their midst was a large Japanese dressed like a mad man. We found out as we went along that he was making the shopmen put up Japanese flags. He seemed to have no weapons but a long leather belt with bells and knobs on the end. He would strike the window shutters and call the shopman out. If there were glass transoms overhead he would strike those with his bells and break the glass. Down the road where he had been about every shop had a flag up. We went by the Japanese Hospital, which is pretty badly burned and wrecked, by the Consulate, which is also badly damaged, through the western and of the Settlement where many Japanese quarters were destroyed. The fine Central Bank Building was blown up and fired last night and is still smoldering. We called a few minutes on Dr. Sibert, the German consul, went past the China Bank's big cotton godown, which was then being looted, and was burning with huge flames coming out the upper windows. All stores of course were closed, and little damage was being done to anything but government property--this was blown up, fired, and opened up for looters by the soldiers before they left. The Telegraph building was entirely destroyed. The Chaochi Railway Station was completely looted, but not burned. The iron bridge, under which we go in going to the Tsingpu Station is blown up at one end and this end has fallen into the street. The concrete bridge over the Tsingpu tracks has a big hole in it, but is far from destroyed. From the bridge we went past the Railway Hotel which is to be Japanese headquarters--not the first time--and went around to the City Power House. One stack is badly damaged, the roof is blown off the old building, and the old machines are likely damaged. Mr. Schmidtharms thinks he can have current in a week--in the meantime we are using our two plants. Finally we went to Hanfuchi's Yamen, which has been pretty badly wrencked and

Letters by J. B. Wolfe (cont.)

burned, prisons all burned and prisoners set free. The Model Prison with its store was all burned so that one could look back court after court where the prisoners used to be.

No policing of the streets is yet organized. The Japanese soldiers seemed to pay no attention to looters or loot. It was interesting a number of times to see individual soldiers on the street entirely alone, in a rickshaw, or talking with some Chinese. One soldier had a bunch of youngsters following him and he was talking with them having a great time.

January 2, 1938

First letter for the New Year --Happy New Year. We have had one week under the new regime, and everything seems to be going smoothly. Yesterday the Peace Preservation Committee with Ma Liang as chairman had its first meeting. I heard some 200 were present. The Chinese police are again on the street. The Weitze gate was patrolled by a Japanese guard until Thursday noon--since then there has been no guard, and the sandbags are all emptied out. The women that moved into the Medical School courts have come back to the campus. We have had over 800 refugees inside the weitze, and many of them are now leaving. Our flour supply has been a help these days to many--now we hear it can be bought on the streets. We were out of city electricity only two nights, and had our plants then. The past week has had sunshine most every day, and not very cold weather. Tsinan has been very fortunate in the comparatively small amount of chaos, and we now hope for better days.

Re: Special Grant for Chealco Hospital

In a recent letter you asked for my opinion on the advisability of the Chealco Women's Committee responding favorably to the request of the Medical Executive Committee on the field for a grant of \$ 3,000. toward meeting hospital current expenses during the present academic year of 1937-38.

I have studied carefully the letters which you enclosed and have conferred with Dr. Garvide, the Secretary and Assistant Treasurer of the North American Section of the University.

I understand that the Women's Committee has on hand income which has accrued from the unspent portion of your hospital building fund and that it is contemplated that the \$ 3,000. requested would be drawn from this accumulated income. I think that the use of income would be justifiable, but I would hesitate to draw on the original capital which, if I recall rightly, was appealed for and doubtless donated for capital purposes, that is for plant and for endowment. Furthermore, I understand that the Women's Committee is contemplating (if it has not already acted) the setting aside of a considerable portion of the unspent capital and earmarking this portion definitely for endowment; in this case I not only think that the income from this portion of the endowment (both current and approved) could be used for the running expenses of the hospital, but also I feel that in the emergency at Chealco that such income should be spent toward the current needs of the hospital. This little parenthesis in the last clause is gratuitous and somewhat aside from the particular question which you raise.

If in my unfamiliarity with the details of the funds of the Women's Committee you see that I have misinterpreted the situation, I hope that your Committee will proceed according to its best judgment, which I am sure the North American section will cordially endorse.

Sincerely yours,

(G.T.S.)

Dear Miss Hodge:

In a recent letter you asked for my opinion on the advisability of the
Chester Woman's Committee regarding favorably to the request of the Medical
Executive Committee on the field for a grant of \$2,000. toward meeting post-
tal current expenses during the present academic year of 1937-38.

I have studied carefully the letters which you enclosed and have con-
ferred with Dr. Garstide, the Secretary and Assistant Treasurer of the North
American Section of the University.

I understand that the Woman's Committee has on hand income which has
accrued from the unpaid portion of your hospital building fund and that it
is contemplated that the \$2,000. requested would be drawn from this income-
lated income. I think that the use of income would be justifiable, but I would
hesitate to draw on the original capital which, if I recall rightly, was ap-
ed for and doubtless donated for capital purposes, that is for plant and for
endowment. Furthermore, I understand that the Woman's Committee is contem-
ing (if it has not already acted) the setting aside of a considerable portion
of the unpaid capital and ear-marking this portion definitely for endowment;
in this case I not only think that the income from this portion of the endow-
ment (both current and approved) could be used for the running expenses of
the hospital, but also I feel that in the emergency at Chester that such income
should be spent toward the current needs of the hospital. This little propo-
ment in the last clause is gratuitous and somewhat aside from the particular
question which you raise.

If in my unfamiliarity with the details of the funds of the Woman's
Committee you see that I have misinterpreted the situation, I hope that your
Committee will proceed according to its best judgment, which I am sure the
North American section will cordially endorse.

Mr. George G. Barber
Dr. J. N. Decker
Dr. George T. Scott

Dear Friends:

You will remember that before the Annual Meeting of the Associated Boards you were appointed a special committee of the Presidents of the individual Boards to meet and discuss with Board Presidents who could not attend the sessions of the committee, the policies and plans being recommended next year.

Mr. Frederick Osborn, the retiring President of the Lingnan Board of Trustees, could not meet with the committee, and your conference with him in his office was not very satisfactory because he pointed out that he was just on the point of retiring from the presidency of the Lingnan Board. Mr. Harold B. Hoskins whom the Lingnan Trustees have elected as their new president was on a trip to Lingnan while the committee was holding its meetings and did not return to New York in time to attend the meetings of the Associated Boards. Mr. Hoskins has not had much of an opportunity to familiarize himself with the work of the Associated Boards, or the activities of the other individual Boards of Trustees. Mr. Barber is inviting him to have lunch with the other members of the Committee at some mutually convenient date, probably nearly next week.

We will get in touch with each of you as soon as tentative dates have been suggested.

In preparation for such a luncheon conference with Mr. Hoskins, we enclose herewith the following documents for your study:-

- (1) An analysis of the relationship of Lingnan to the Associated Boards as submitted to the meeting of the Lingnan Trustees on May 23rd.
- (2) A letter from Mr. Hoskins in reply to our invitation to him to attend the June 14th meeting of the Executive Committee, and also of the Committee on Allocation.
- (3) The reply which I sent to Mr. Hoskins after consultation with Mr. Wannemaker.

It would probably be better not to bring any of these documents forward at your luncheon, but I believe it would be of value for each member of the committee to have them in the background of his thinking.

Very sincerely yours,

BA Garvick

New York City.

Dear Dr. Garside:

After a number of weeks in the hospital with a bad back, I am now starting in gradually to take up my Board work again.

I have just received this morning your call to a meeting of the Finance Committee of the Associated Boards for tomorrow, Wednesday, Sept. 21.

I had not known I was on this committee. If I was present when the appointment was made, I must have been thinking of something else !

In view of the fact that for the next couple of months I will have to forego a number of responsibilities which I already have and then for two or three months will be absent in connection with the Madras Conference, it will be inadvisable for me to try to serve on this Finance Committee. If a formal resignation is needed, I now present it.

Cheeloo is no doubt represented on the Finance Committee by its treasurers, Dr. Milliken and Miss Kittredge, who of course would be excellent members of any Finance Committee.

Regretting that I am somewhat hors de combat, and with every good wish to you in your many important responsibilities, I am

Dear Dr. Scott:

We all in the office were greatly shocked to learn of the sudden death of Mr. and Mrs. A. T. Scott.

When the grim reaper strikes with such lightning-like rapidity, the shock is greatly intensified. Personally, I have gone through this same experience twice within my own family, and can speak from experience. We may soothe ourselves with the thought that it is easier for those who have passed on, but that does not help.

In extending to you our deepest sympathy, may I include Mrs. Evans as well as Dr. and Mrs. Garaid.

Very truly yours,

C. A. Evans

OVER

May 2, 1939

ack by Rev Wheeler
7/5/39

Dr. George T. Scott
156 Fifth Avenue
New York City

Dear Dr. Scott:

During her visit to Detroit about ten days ago, Mrs. T. D. Macmillan took up with Dr. Frank Pitt, the Pastor of the Grosse Pointe Memorial Church, the question of whether the Church might be able to repeat this year the very generous special gift (\$1,286) it gave through the Presbyterian Board to the 1937-38 emergency fund for Cheeloo.

In addition to its support of Dr. Arabella Gault of the Cheeloo staff, the Grosse Pointe Memorial Church has been very helpful in a variety of ways. Mr. Arthur P. Neff, the Associate Minister, a brother of one of our former Fukien Christian University staff members, has been very helpful for a number of year. Mr. John A. Bryant, who has died within the past year, was also very kind, and encouraged us to seek increased support from the Church.

Mrs. Macmillan reports as follows on her conversations and observations during her recent visits:

"Mrs. Carl Grawn, head of the Women's Association, is a very good friend of ours, and she, herself, has talked today with Dr. Pitt on the Cheeloo situation without getting anywhere. Her report is merely that 'whatever Dr. Pitt says, good.'

abundant
"Our only present hope lies in the chance of getting the church to follow up its special gift of \$1,286.40 last year by an over-and-above contribution this year and the succeeding years of the special stress in Tsinan. I would suppose that we would try to avoid the word "emergency", unless it is applied to a period of years. The Grosse Pointe congregation quite rightfully feels its distinction and they dance to the tune of no piper without a Presbyterian crest. If a really strong letter directly to Dr. Pitt can go from 156 Fifth Avenue, appealing for a gift to the Cheeloo medical work this spring, I feel that it will get some response. It should refer to Dr. Pitt's cooperation with Mr. Aydelott and me last year, and his conference with me this year. Only by building all the stones into our foundation will we ever get anywhere. Of course, I could have gone directly to Mr. Neff this year h

and have had the usual friendly help. But

0825

2
5
7
4
7
4

Dr. George T. Scott

May 2, 1939

you will understand from what I have said that the intrenchment of Dr. Fitt, himself, as fountainhead of the substantial church gifts, points to the necessity of dealing with him directly with all the winsome and patient ingenuity we can summon. I would have great hope of such a letter if it bore the signature of Dr. George T. Scott.

"Dr. Fitt has called on me and we have talked at satisfactory length. He puts the whole matter of his church giving on the shoulders of the Presbyterian administration. He says that he finds it difficult to create enthusiasm among his people for work in other countries, and that even for the good works within the Detroit Presbytery the response is not all that he could wish. He goes on to say that October and May are the months for Detroit and that May of this year is 'absolutely closed' as far as his congregation is concerned because they have had put upon their shoulders the raising of a large quota for extension work within the Presbytery. Next year, he feels that the pressure from the Sesquicentennial Fund for Presbyterian Education in the United States is going to be all they can bear. He asked me, however, to get in touch with him between the middle and end of September and to be ready to go into details of approach to his people. I feel that he has taken a few steps in the direction of being willing to give a hearing to the Cheloo work next year.

"This makes it increasingly evident that the slight hope of a gift this year is founded on a communication from Presbyterian headquarters which would be a definite call to Dr. Fitt. He has been quite forthright and friendly."

About a week after writing the letter from which I have just quoted, Mrs. Macmillan sent me a further note stating that Dr. Fitt had been sent away quite suddenly by his doctor for a three weeks' rest. He began this rest period about the 21st of April, so should be returning around the 12th of May.

I attach hereto the dry bones of the suggested letter from you to Dr. Fitt. If you are willing to send him such a letter, and find it in accordance with good Presbyterian Board procedure, we should be grateful if you would vitalize this preliminary draft, or better still, would write some entirely new communication. Probably May 10th would be about the date such a letter should be sent forward. Our office will be glad to assist in any way we can.

Very sincerely yours

B. A. Garide

PRESBYTERIAN BOARD LETTERHEAD

Dr. Frank Fitt
Grosse Pointe Memorial Church
16 Lakeshore Road
Grosse Pointe, Michigan

Dear Dr. Fitt:

Mrs. T. D. Macmillan has written of her recent visit to Detroit, and has spoken appreciatively of her conferences with you as to the Grosse Pointe Memorial Church's support of the work at Cheeloo University.

We are constantly grateful for your church's support of Dr. Gault, and for all the other ways in which you are assisting the work in which she has such an important part. Last year your special contribution toward meeting the emergency needs of Cheeloo not only gave financial assistance at a critical time, but also gave new courage to the staff members who are going ahead with their duties under most trying conditions.

As you know, the continuation of the Far Eastern conflict has made Cheeloo University's problems even more difficult this year than they were in 1937-38. The Cheeloo Board of Governors, working in cooperation with the Associated Boards for Christian Colleges in China, is exerting every effort to secure the emergency funds which are required to keep the work of the University going forward. Because of the large Presbyterian stake in Cheeloo, our Presbyterian Board of Foreign Missions is actively interested in the success of this effort.

We hope that it may be possible for the Grosse Pointe Memorial Church to make another generous emergency gift this year to help Cheeloo in this crisis, over and above the regular support which you are providing year by year. Such special help is urgently needed both to insure the continuance of this outstanding missionary institution and to uphold the hands of our missionary doctors and educators on the staff there.

We have been sorry to learn that your doctor found it necessary to order that you take a few weeks of rest. We trust that by this time you have fully recovered from the strain of too strenuous devotion to the daily task and are feeling greatly refreshed.

Very sincerely yours,

In Compensation for Trustees of Charitable Institutions

"On the 12th of March, 1872, the following act was passed by the New York Legislature in relation to Trustees and directors of charitable and benevolent institutions:

Section 1. No Trustee or director of any charitable or benevolent institution, organized either under the laws of the state or by virtue of a special charter, shall receive, directly or indirectly, any salary or emolument from said institution, nor shall any salary or compensation whatever be voted or allowed by the Trustees or directors of any institution organized for charitable or benevolent purposes to any Trustee or director of said institution for services either as Trustee or director or in any other capacity. - 1872, p. 12.

(Note. - Substantially the same law is in effect in Pennsylvania and some other states.) "

The above quotation is from "The Presbyterian Digest" 1950, Vol. 2, pg. 611, paragraph 6.

Dear Dr. Scott:

Thank you indeed for your letter of December 22nd enclosing check for \$100.00 for which we enclose receipt herewith. The \$100.00 you will note, has been credited to Shanghai Christian University.

The last issue of "CHINA COLLEGE" is enclosed which possibly you have received under separate cover.

A letter from Acting President Tang of Chefoo is in hand and we hope to have it mimeographed and in the mails within a day or two.

With the Season's Greetings to you and Mrs. Scott, I am

Best sincerely yours,

C. A. EVANS

REPORT ON PROMOTION
SHANTUNG CHRISTIAN UNIVERSITY

A year ago the Board of Founders (North American Section) voted to embark on a more extensive program of promotion on behalf of the University. The staff was specifically instructed to prepare adequate publicity material, and to launch a campaign for a Twenty-Fifth Anniversary Campaign.

A booklet was prepared, and has received wide distribution, having in general been very well received. In addition, various mimeographed reports were distributed to friends of the University. Efforts were made to build up an adequate mailing list, in which enterprise invaluable assistance was received from Dr. George T. Scott, and from the Presbyterian Board.

The Anniversary Campaign was started, and appeals were sent out to nearly twelve hundred names. To date, the response has been limited.

The reason for this is that since 1938 upon U. S. Treasury ruling, it has not been legal for donations to Shantung to be deducted for income tax purposes. Recent conferences with Custom Officials point to the possible solution of this problem and a more detailed report will be made elsewhere to the Section.

Everything depends upon the solution of this problem. In the event that the path is cleared it is proposed that: immediate steps be taken to further publicize the original program by:

- A. Securing 100% backing of the Section.
- B. Personal approaches to intimate friends of Shantung.
- C. A renewed general appeal to the entire constituency.

It is obvious under prevailing conditions with our cooperation with the United China Relief, and of the National War Relief Committee that a spectacular drive cannot be instituted. No step, however, will be left unturned to present the opportunity to help, to those who would be likely to give to the cause.

Dear Lloyd.

R. S. C. U.

About having U.S. gifts deductible for
Income Tax.

Without naming name of University, I con-
sulted Legal Chief of Internal Revenue yesterday ()
was in that office). He said to incorporate in U.S.
a subsidiary or auxiliary of Canadian Corporation
"The courts will favor this + charge very little". A
second official, independently confirmed this advice.
Maybe some what name like "Shantung Fund".

Don't acknowledge this.

Best wishes.

George Scott

New York, N. Y.

Dear Dr. Scott:

Dr. Ruland has handed me your letter of March 13th regarding the organization of a subsidiary or auxiliary of the Canadian Corporation.

I have had a preliminary conversation with the attorneys which we use for most of our work here in the office. They have on their staff a former member of the Treasury Department. They are asking that I assemble all of the information and they would very much like to have a conference with those who made the statement as set forth in your letter. This is only for the purpose of finding the best way to surmount this difficulty.

To this end, I wonder if you have the names available of the individuals ~~who~~ talked with the Internal Revenue Department. This would help immensely to clear the situation as, up to the present time, the only method seems to be to have a separate United States Corporation which would take over all of the functions of the Canadian Organization and definitely establish headquarters in New York City.

Very sincerely yours,

C. A. EVANS

Dear Evans:-

You inquire re Shantung being
incorporated in the States as a subsidiary of
the Canadian Corporation.

I discussed this with the head of the audit
bureau (a woman) at 225 Broadway, She consulted
the chief of the legal department. They said it "would
be simple", that "the court would favor it," that
"there were precedents for British & other relief agencies",
etc. I used no names, simply referred to a
missionary college in China supported & organized
as Shantung is.

Inductly, Opinion
Inc. leniency.

I've forgotten the lady's name. It is I wish
appears on letter requesting me to explain some
Income Tax item. I'll get her name when I return
to N. Y. in two weeks. She sits in the S. E. corner
of the big East room on 11th floor, 225 Broadway!
O'Leary or O'Reilly or what?

Best wishes
Gus Scott

Mr. Oliver J. Caldwell:

My dear Caldwell

Forgive me for the in-
excusable way in which I behaved with you
this afternoon in the Cheelos meeting. I tried
to speak with you afterwards but you had left.
I apologized to the chairman & others. I was
too tired to have attended that meeting but I
thought I could weather it.

My check of last fall toward the Luce Memorial
Dinner I supposed had helped to launch the fund.
My later check in the winter may have been designa-
ted otherwise; I'm not sure as I try to recall it. If
my statement this afternoon re this was mistaken,
I'll gladly correct it at the next meeting.

Sincerely yours.

New York, N. Y.

Dear Dr. Scotts,

I am acknowledging your letter of August 24th enclosing check for \$100.00 designated for Shantung Christian University. I am enclosing our Associated Boards receipt therefor, and wish to thank you for this remittance.

The ensemble meeting of the Board of Governors, Shantung Christian University, will be held at 9:30 o'clock, October 19th in room 900. We arrived at this date after considerable discussion with Dr. Armstrong and you will note that it is coming on the morning of the first day of the Planning Committee Meeting to be held in Bronxville, N. Y. In this event I am quite sure that you will want to be with us at that time.

With added thanks for your continued loyal devotion to the affairs of Shantung Christian University, I am

Most sincerely yours,
