Woman's Committee

SHAW TUNG

January 7, 1936

Miss Margaret E. Hodge
The Berkeley-Carteret
Asbury Park, N. J.

My dear Miss Hodge:

Mrs. Macmillan is in Detroit this week. We are forwarding to her your letter of January 5th. I am, however, taking the liberty of commenting on some of the items you discuss.

I am sure that our Cheeloo promotional committee will be happy to approve any arrangements for Mrs. Yui's plans which are satisfactory to her and to the ladies of the Cheeloo Woman's Committee. We will take this matter up with the promotional committee when it meets tomorrow. Sorry that the Asbury Park Conference will prevent you and some of the other ladies from attending.

The question of whether Mrs. Yui will need anyone to assist her while she is in Oberlin is a somewhat complicated one and it need not be discussed here. We will talk it over with Mrs. Yui when she comes to New York later this week.

Miss Kittredge will probably have passed on to you the telephone conversation she and I had yesterday morning. For reasons which she will pass along to you, it is of great importance that as many members of the Cheeloo Woman's Committee as can possibly attend will be present at the luncheon. So far as I know, you yourself have not been planning to come to New York that day. Whether the situation is such as to justify your making the sacrifice of a special trip from Philadelphia is something which must be left to your judgment after you have talked with Miss Kittredge.

I have been hoping that Mrs. Roys would be able to get to the luncheon, but I understand that she may be staying in Asbury Park on Saturday. Here again, if she could possibly get to the luncheon it would be very valuable. If either of you are unable to attend, I know you will write Mrs. Phillips a note assuring her of your warm interest and showing just why it is impossible for you to be there.

Very sincerely yours,

B. A. Gause

Committee*

School of Medicine

Feb. 16, 1936.

Dear Miss Hodge-

I am enclosing a preliminary report on our hospital building project. A final report will be made by the Building Committee when the construction is finished.

Just to give you an idea of how we now stand in our hospital layout - -

Former Hospital now occupied by

Top Floor - Obstetrics and Nursery.

West Second Floor- Mens Surgery

East Second Floor- Womens Surgery and a few Obs. beds and operating room in center.

West First Floor- Mens Surgery

East First Floor- Pathology Dept. of Medical School.

Second floor of this building connects with second floor of the new hospital by a bridge. This enables us to use our former kitchen in the old hospital for both units.

West Wing of the New Hospital-

First Floor- Record Rooms. Private Patient Clinic.

Second " Womens medical

Third " Mens "

Fourth " Childrens "

To the north of this structure is the new Out Patient Department with roomy, light, airy halls connecting the units for each service in separate wings with south - north windows. Each service has practically 50% increase of space over the former clinic space. We are all quite happy with the result. I omitted to say above that the present arrangement gives us 160 beds.

We met during the past week for discussion of next years budget. Dr. Philip Price reported to us that we are living well within our estimated budget for 1935-36. No one had any definite idea how much it would cost to run our expanded plant. This, as you know is our first step toward construction of the whole plant and the results are very encouraging.

Without this expansion we never could have rendered the service we have been able to give the Yellow River Flood Refugees in Tsinan. As you probably know the China Famine Relief Commission requested us to have charge of medical work for these 20,000 refugees housed in 31 groups in Tsinan. We organized groups- 10- each comprised of one or two physicians and medical students from each year.

0982

Copy

FEB 16
1936

These groups visited the camps for prophylactic inoculations and minor treatments at least twice each week. At these visits patients were given hospital admissions or slips admitting them to clinic for further study. You would love to see the zeal of the First Year Medics as they helped with this clinical work. We all feel we have spotted promising clinicians in the making. Eleven to one each day the out patient clinic is flooded with refugee patients. This necessitates getting through with regular clinic by eleven. The fifty beds set aside for this work have been sufficient to care for the critically ill not including contagious diseases. We are told that these people are to be out of Tainan before April. It will be a real let down for us but I don't suppose we could keep up this gait through the hot season. The hardest part is not the work but what we see in their faces and hear incidentally from their not too complaining lips.

We are looking forward to Mrs. Yui's trip to America this summer. I have written Mr. Garside and Dr. Shields that we need fuller information as to the financing of her trip. You perhaps know that the only funds we have out here are for building or scholarships. The Hall Estate Funds set aside for the deans salary has not met that need for the recent years. Mrs. Yui is collecting material now and I am sure she would appreciate detailed information as to what you feel will be useful. We miss Dr. Miner so much in all our planning.

I am

Very sincerely

(signed) Annie V. Scott.

Miss Helen Kittredge
158 Fifth Avenue
New York City

Dear Miss Kittredge:

A letter written by Dr. H. P. Lair under date of January 17th gives us the complete picture regarding the drafts which have been drawn up to the present time for the new hospital unit. Herewith is a list of the drafts, showing the local currency equivalent:

March 8, 1955	G\$11,466.17	equivalent to	LC\$50,000.00
April 19, 1955	G\$ 7,919.80	"	" LC\$20,000.00
November 22, 1955	G\$ 7,500.00	"	" LC\$25,147.05

This shows a total expenditure in local currency of \$75,147.05 on an equivalent of US\$26,885.97, which is well within the appropriation.

Another letter from Dr. Lair dated January 20th indicates that it will be necessary for him to draw the entire \$90,000, and we are expecting this draft at any time. Your office has already sent us a check for \$5,000. to protect this draft, and I am writing this to you to correct the impression we previously gave that there was an overdraft in the Building account.

Very truly yours,

C. A. Evans

My dear Miss Kittredge:

According to action taken at the meeting of the Woman's Committee of the North American Section of Cheeloo University held September 26, 1935, an appropriation of one thousand dollars (\$1,000.) was made from income toward relieving the financial situation of the University. Six hundred dollars of this consisted of a loan, the balance to be paid in cash.

It is our understanding that this is available at this time, and we would greatly appreciate your attention at your convenience.

Very sincerely yours,

C. A. Evans

INDEXED

Dear Friends:

Yesterday I talked with Miss Hodge in regard to the financing of Mrs. Yü's trip to America. Our idea is that the Woman's Committee will forward to Mrs. Yü a money order payable through the Presbyterian Mission Treasurer for \$400.00. This will allow her ample, according to the estimate given in our travel office, to take her from Tsinan through to New York City. The date on which this money order should be sent can be determined by you and we will act accordingly.

The Woman's Committee voted at its meeting to finance Mrs. Yü's tour through America and see that she was returned to China. Since there is not enough income in the bank account at the present time to do this and since \$6,000.00 income was included in the amount drawn by the field for the hospital building it is our intention to hold from reinvestment at the time that the bonds are called a sufficient amount in our bank account to permit this expense. This amount should be determined by the chairman of the Woman's Committee in conference with you. Since \$65,000.00 worth of United States bonds held in the Woman's Committee account are called August 1st there will be ample to take care of any amount that is needed at that time or any time after that. If in any case money is needed before that time if you will advise me we will be able to sell one or two of the bonds to cover any expense incurred.

Trusting that this explains the understanding of the Woman's Committee in regard to Mrs. Yü's visit to America, I am,

Sincerely yours,

Helen Kittredge

Treas. Woman's Comm. of the School
of Medicine, Shantung University.

[illegible]

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The population of the United States has increased from about 100 million in 1900 to over 200 million in 1950. At the same time, the population of rural areas has decreased from about 100 million in 1900 to about 50 million in 1950. This has led to a concentration of the population in urban areas, which has had a number of important consequences. One of the most important is that it has led to a change in the way of life of the majority of the population. In rural areas, the population has traditionally been engaged in agriculture, and the way of life has been based on the needs of the farm. In urban areas, the population has traditionally been engaged in industry and commerce, and the way of life has been based on the needs of the city. This has led to a number of differences between the two ways of life, including differences in the types of housing, the types of food, and the types of entertainment. Another important consequence of urbanization is that it has led to a change in the social structure of the United States. In rural areas, the population has traditionally been organized into small, self-sufficient communities. In urban areas, the population has traditionally been organized into large, complex communities. This has led to a number of differences between the two social structures, including differences in the types of social organizations, the types of social norms, and the types of social problems. Finally, urbanization has led to a change in the political structure of the United States. In rural areas, the population has traditionally been organized into small, self-sufficient communities. In urban areas, the population has traditionally been organized into large, complex communities. This has led to a number of differences between the two political structures, including differences in the types of political organizations, the types of political norms, and the types of political problems.

My dear Mr. Garside:

It seems better to have the expense of Mrs. Yu's travel from China to New York City handled through your office rather than through the Presbyterian Mission Treasurer, as I wrote you in my letter of May 7th. Therefore, you will please authorize your Treasurer on the field by cable to pay the amount of \$400.00 to Mrs. Yu for this purpose. On June 1st I will send you a check for the same amount.

Sincerely yours,

Treas. Woman's Comm. School of
Medicine, Shantung Christian University

Miss Margaret E. Hodge,
112 W. Gaynor Lane,
Chesham Hill, Philadelphia, Pa.

Dear Miss Hodge,

Thanks for your card of yesterday with reference to the
band for Mr. Carter. We will await word from Mrs. McConnell.

If through any fortuitous combination of beneficent
circumstances you could conveniently attend a meeting of our Chee-
Executive Committee on September 2nd, we would be very happy indeed.
I enclose a check for your personal. While the Section needed to
your request last spring that we should not make you a regular member
of the Executive Committee this year, we are always anxious to have
you present if you can attend. At this particular meeting Mrs. Y's
presence will almost certainly cause the Committee to give special
emphasis to matters related to the women's work at Chee. I am
afraid that two - or at least one - of the women on the Executive
Committee will be unable to attend. So your own presence would
be especially valuable for these particular matters, as well as in
all the other important matters coming up. We would, of course,
not wish to urge you to make a special trip for this meeting, but
hope that other engagements here about that same time would make
it fairly convenient for you to attend.

Sincerely,

B. A. Casside

SHANTUNG

September 1, 1936

Dear Miss Hodge,

Sorry about the confusion over the date of the Cheeloo Executive Committee meeting which arose this morning. When I wrote you on August 28th I stated the date of the meeting correctly as September 3rd. It seems, however, that there was an impression among our Presbyterian friends across the street that the Cheeloo meeting was tomorrow and that you might come up for it. This morning a wire from Mrs. Macmillan asked her secretary to ascertain whether you would be in New York tomorrow. Her secretary inquired across the street and gained the impression that the Cheeloo meeting was tomorrow and you might be coming up for it but that your coming was a bit uncertain. So her telegram was intended to clarify the point, but I am afraid you merely found it confusing. So I called you by long distance to clear the matter up. I was hoping that you might by chance be coming to New York tomorrow anyway on other business, so that you could see Mrs. Macmillan (or do whatever else she had in mind when she wired). But certainly we would not urge you to come up a day early, and have informed Mrs. Macmillan that you will not be here until the third.

I enclose herewith a summary and analysis of the Cheeloo budget for 1936-37 which you may wish to look over in advance of the meeting. It is too bad that we didn't have this months ago.

Looking forward to seeing you Thursday morning, I am

Very cordially yours,

Miss Kittredge
I want to talk
with you during
this week.

Miss Margaret E. Hodge
Cheeloo Woman's Committee
156 Fifth Avenue
New York City

My dear Miss Hodge:

Under separate cover we are sending you the minutes of the meeting of our Cheeloo Executive Committee held on September 3rd, together with the Report of the Treasurer of the North American Section for the fiscal year ending June 30th, 1936. May I call to your attention the following two items which should be considered by the Cheeloo Woman's Committee?

Administrative and Promotional Expenses, 1935-36. In connection with the Treasurer's Report the Executive Committee took the following action:-

"VOTED that inasmuch as through an oversight the Woman's Committee was not asked to make any appropriation toward the administrative and promotional expenses of the Section in 1935-36, as the Committee had done in previous years, the Woman's Committee be requested to appropriate \$464.29 from their surplus to complete the clearance of the general deficit of 1934-35."

From the monthly budget analysis attached to the Treasurer's Report you will notice that the total amount spent by the North American Section for administration and promotion during 1935-36 (accounts 36 & 81) was \$5,415.86. All of this was met from the general funds of the Section. If the Woman's Committee is willing to appropriate \$464.29 from its surplus funds, this will enable us to complete the clearance of the general deficit remaining from 1934-35 and to start the current fiscal year with all outstanding obligations cleared from our records.

Woman's Committee Share in Administrative and Promotional Expenses, 1936-37. You will note on page two of the Executive Committee minutes that in preparing estimates for the 1936-37 budget the Committee set aside \$2,029.00 for administrative and promotional expense. By action NASEC-466 it voted "to request the Woman's Committee to determine its pro rata share of the estimated cost of \$2,029.00 for administration and promotion."

We would be grateful if the Committee would give this request its consideration at your next meeting.

Very sincerely yours,

W. A. Garside

MEMORANDUM

FROM

Dear Miss Kittredge,

TO

*Thank you for the statement about the
Hall Estate funds for the Breckon W. Com. about which we talked a
little in New York last week. I have read it over carefully today
and agree with you.*

*One thing that is not clear in Mr. Garside's letter is that the
Ep. Com. apparently does not ask us for anything for the 1935-36
deficit. Possibly there is none except that carried over from 1934-35,
but I think there is. Or does he ask for \$464.29 for each of these years?*

I enclose a letter to Mrs. Aram which I will be grateful to you

to have typed and sent. You note I am making a statement about you which you are to confirm or correct. You will also notice that I say I am enclosing a copy of the terms of the use of the Hall Endowment. I think you can easily get that from Mr. Evans, and we must be careful not to do anything with that money that is not allowed.

I think Mrs. Avann needs to see the whole of Mr. Larcid's letter of Sep. 18th, and I wonder if it would not be helpful to have one full run made so that we can give copies to each member of the Com.

Sincerely yours,

Margaret E. Dodge

Since you have extra copies I am keeping your memo of Sep. 24, and the extract Bd of G. minutes of Apr. 8, 1929 -

Miss Margaret E. Hodge,
 112 West Gravers Lane,
 Chestnut Hill, Philadelphia, Pa.

Dear Miss Hodge,

This letter deals with the Cheeloo Woman Committee's surplus, particularly in its relation to the salary, special travel costs, and other expenses of Mrs. Yui.

You will remember that the Woman's Committee surplus for 1934-35 was U.S. \$1,348.54. On September 26th, 1935, the Committee voted to dispose of this as follows:-

(1) To make up the deficit on the field in the salary of Mrs. Yui.

(2) To meet the special expenses of Mrs. Yui's trip to and from America this year, and while staying here.

With reference to the first of these two items, the treasurer's report from Tsinan for the year 1935-36 shows that the amount received from the regular appropriation of the Woman's Committee produced L.C. \$2,418.50, while the expenditures on account of Mrs. Yui's salary and allowances was L.C. \$3,050.00. Thus the deficit in this account was L.C. \$631.50. In pursuance of the Committee's action, we are sending Dr. Lair a draft for this L.C. \$631.50, charging it against the Woman's Committee surplus for 1934-35. The cost of this draft is U.S. \$187.87.

After deducting the cost of this draft, the amount remaining in the 1934-35 surplus is U.S. \$1,160.67. This should be sufficient to cover at least Mrs. Yui's travel to America and the major part of her extra expenses while here.

You will also remember that for 1935-36 the Woman's Committee account showed an even more substantial surplus, U.S. \$2,761.61. I believe that as yet the Committee has not taken any action with regard to the disposition of this latest surplus. Two requests have, however, been submitted to the Committee:-

(1) The field has requested that the Woman's Committee supply funds this year sufficient to care not only for Mrs. Yui's salary

October 3, 1936

but also for the substitute worker who must carry on her duties in Mrs. Yui's absence. We do not as yet know exactly how much this will involve in local currency. But since the appropriation of regular income from the Woman's Committee for 1936-37, U.S. \$1,670.00, should yield approximately L.C. \$5,500.00, it appears likely that nothing will be required from the 1935-36 surplus to meet this request.

(2) The North American Section of the Board of Governors has requested that the Woman's Committee appropriate U.S. \$464.29 from its 1935-36 surplus as its pro-rata share of home base administration and promotion for that fiscal year, thus allowing the Section to clear off the balance of its outstanding deficits at the close of the fiscal year 1935-36.

(3) As indicated above, some further appropriation, beyond what is still available from the 1934-35 surplus, may be required to complete the expenses of Mrs. Yui's stay in America, and her return to China. As a rough estimate, we would judge that this would not exceed \$800 to \$1,000.

It would appear, therefore, that the 1935-36 surplus already in hand should be sufficient to cover all the objectives discussed above, and to leave a balance in hand of from \$1,000 to \$1,500. Since the Executive Committee recommended to the Woman's Committee the appropriation of U.S. \$1,670 for 1936-37 there have been further increases in the income on the endowment in which these funds are in held, so it appears that there should be a further surplus for 1936-37.

I note on page 2 of the minutes of the meeting of the Woman's Committee held April 22, 1936, the suggestion is made that some of the income on the building funds held by the Woman's Committee be meet some or all of the special expenses involved in Mrs. Yui's trip to America. On the basis of the estimates given above, it would appear unnecessary to use any income on building funds for this purpose.

Very sincerely yours,

P. A. Garrick

Woman's
Committee

SHANTUNG

October 14, 1936

Dear Miss Hodge,

What is to be the policy with regard to a meeting of the Cheeloo Woman's Committee at about the same time as the ensemble meeting of the Board of Governors? I know you have been pondering this question, and that the decision is not an easy one. It is unfortunate that this meeting of the Governors necessarily comes at a time when the Methodist Women's Board is meeting in Muncie, Indiana. That takes away at least part of our Methodist women's group. Also, the Methodist Women have been urging Mrs. Yui to be with them from October 22nd through the following week. On the other hand, some women members of the Board who live at a distance may be coming to New York for the Governors meeting, and would be unwilling to make another trip shortly afterward. This might be true of Mrs. Inksater, though I have no positive assurance she is coming.

The question becomes of immediate importance from one angle because Mrs. Macmillan must let the W.F.M.S. group know whether Mrs. Yui can come to Muncie by the 22nd or must wait until after the Cheeloo meetings. Even if the Woman's Committee does not meet it would be doubtful whether we ought to encourage Mrs. Yui to go to Indiana and to miss the meeting of the Board. If the Committee is to meet, certainly she must remain here.

I told Mrs. Macmillan I would lay these matters before you, and would request you - if it possible for you to give any definite information one way or the other - to wire Mrs. Macmillan tomorrow, Thursday, as to whether a meeting of the Committee is contemplated for the latter part of next week. Her address is Hotel Bellevue, Boston, Mass. Please give us a notation as to the cost of the wire, so we can reimburse you.

Sorry to have to put such a poser to you for decision.

Sincerely,

1022

SHAW LUND

October 20, 1936

Miss Margaret E. Hodge
112 West Gravers Lane
Chestnut Hill
Philadelphia, Pa.

My dear Miss Hodges

I have not formally acknowledged your card of October 15th.

Since I am to be in Toronto for the meeting of the West China Governors on October 21st and 22nd, I will not be able to attend the meeting of the Cheeloo Women's Committee on Thursday afternoon. However, Mr. Evans can be present if you wish. He is thoroughly acquainted with the financial details concerning which I have written recently.

There is one other very important question which I hope the Cheeloo Women's Committee will study very carefully while Mrs. Yui is here this year. It is the matter of the relationship between the "Cheeloo Women's Committee" and the "Cheeloo Woman's Unit". There seems to be a great deal of confusion in all of our minds, both here and on the field as to the distinctions between these two groups, the responsibility each has for the various departments of women's work at the University, and the degree to which each of our sources of income for women's work at Cheeloo should be allocated to certain departments. It has seemed to me that this lack of clarity has done much to handicap the work of the Committee in America and the work for women at the University itself. One hopes that we might find some way to unify all these various groups and departments so that we would have one united group both here and in China, devoting all of its efforts to a united program of work for women at Cheeloo.

Since I understand that Mrs. Yui will not be present at the meeting of the Committee on Thursday, you may not wish to go very deeply into these problems at that time. But I do hope that the Committee will begin to give very serious study to them. Perhaps all these questions are clearly defined in the minds of the Committee and in the policies you have formulated. If so, it may be that the only thing necessary is to see that these policies are thoroughly understood both here and in China.

As you know, an invitation has been extended to Mrs. F. C. Hughson to become a accepted member of our North American Section. She should be an extremely valuable member of the Cheeloo Women's Committee. While we have not as yet had any final word of her acceptance, I have urged her to be present at the ensemble meeting of the Governors on Friday. While I mentioned that

Miss Hodge

October 20, 1936

-2-

the Cheeloo Woman's Committee might be having a meeting this week I did not know at the time I wrote her just when the Committee would be meeting, nor did I have authority to invite her in any event. Her address, as you know, is Maybank, Loudonville, New York.

In the hope that the meeting on Thursday will be successful, I am

Very sincerely yours,

B. A. Garside

156 FIFTH AVENUE, NEW YORK

PRESBYTERIAN FOREIGN BOARD
TREASURER'S OFFICE

Oct. 15, 1936.

MEMORANDUM

Dear Miss Kittredge,
FROM Mrs. Pennington and hope to have it for the Exe Com. meeting on the 19th.
TO

Enclosed are some more letters, one from Mr. Garside, one from Mrs. Arann, to be digested before the meeting of the Exe Com. on the 22nd. I want to talk with you, and as I am to be in N.Y. all the week I hope we can find some free minutes.

It has been most difficult to decide whether it would be better for Mrs. Guin's work for Lakeview to have her attend the W. Com. and Governors one go to the Methodist semi-annual meeting at Muncie, Indiana.

1025

She did not know the Cheloo date until last week and the Muncie plans were inaugurated early in September where they seem to be giving her rather unusual opportunities. So Mrs. Macmillan and I decided after somewhat frantic correspondence that Muncie was best, though I am sure Mr. Garside will not approve. We knew that some or all of the Methodist women would go to Muncie, that most of the Presbyterians had met her, and now that Mrs. Arann writes that she will be there I feel surer that before that we were right. As to the Board of Governors and especially the British members — well it is just too bad! Will you have the enclosed typed (on Cheloo paper if you have any) and sent to Mrs. Jin, also a formal notice of the meeting if that has not already gone. I presume one went to Mrs. Macmillan.

Sincerely yours,

Margaret E. Hodge

1936

Re meeting Chee-loo Woman's & Gen. Coms. Oct. 23, 1936

October 28th, 1936.
(dict. Oct. 27th)

Mrs. T. D. Macmillan,
150 Fifth Avenue,
New York City, N.Y.

Dear Mrs. Macmillan:

We have been thinking of you and Mrs. Yui on your trip and hoping that things are going well with you.

We had a very good meeting although very small of the Chee-loo Woman's Committee. The minutes will be sent you in a short time. Mrs. Hugheson attended and was very helpful. She did not commit herself to becoming a coopted member of the Board of Governors permanently although she has consented to serve for the present and she seems thoroughly interested in the Woman's Committee. I think the reason she has been holding back is she thinks the women in the Medical School have not had a fair deal since the union. She says she practically resigned in order to make a place on the faculty for a Chinese woman professor. This has not been done up to the present time, although she realizes that there have been many things to interfere. She gave us a good deal of background about the organization of the woman's unit on the field and other matters where we were rather vague, although quite likely Mrs. Avann knows more than the rest of us did.

Mrs. Phillips was unable to be at the Woman's Meeting but was at most of the meeting of the Board of Governors and gave two or three names which she is eager to have us follow up.

Mrs. Richard C. Patterson, Jr., 555 Park Avenue, a member of Christ Church, Methodist, ~~she sends her daughter to Presbyterian Church (S. S.)~~ Is much interested in China.

She suggests Mrs. Ezra Squire Tipple, 871 Fifth Avenue. Her husband has been a member of the Board of Governors, I think, and died only a week or two ago. He evidently stood very high in relation to the Methodist Foreign Mission work. Mrs. Tipple is a friend of Mrs. Ravens, and Mrs. Phillips suggests that Mrs. Tipple might be made a member of the Woman's Committee; of course it would be necessary to make her a member of the Board of Governors also. She says that both of these women have means and are interested in China. Mrs. Patterson is young, so far seems to be putting her time in secular committees. Mrs. Tipple needs some new and absorbing interest because of the death of her husband.

Mrs. Phillips wants to have a tea for Mrs. Yui and my understanding is that she would be ready to give two affairs. Miss Startevant wants to meet Mrs. Yui very much and I think Mrs. Phillips' idea is to bring the two together at her house.

Here is one member of the committee who does make suggestions and offers to help when we see her face to face.

They appreciated greatly the letter which Mrs. Yui sent to the committee and to the Board of Governors. Mrs. Cecil wrote in the summer from the Far East saying that she had visited Cheeloo and was delighted with the new hospital as all the staff seem to be and that she is much pleased with the new and young members of the staff. So here is another member of the Committee accounted for.

In reporting to the Board of Governors I made bold to say one or two things as entirely from myself. One was the matter which had come up in the Woman's Committee a year or two ago about the women full professors and the other was that we had never been shown the final plans of the hospital; that it had been erected without getting the final approval and I had heard rumors that it was not all together satisfactory from the point of view of the women. I did not go further but the two things I had heard were that there was not as many private baths as we had hoped for, that the woman's department of the hospital had been given quarters that were not as satisfactory as those given to the men. One reason I did not mention those in detail was that I wanted to follow these up and see if true, but I have known that the British have more or less dominated matters and the British men are not quite as ready to co-operate on an equal basis with women as American men, so I thought it was a good opportunity to speak of this when there was a representative of the British Committee here. I forget his name at the moment but I liked him very much (Mr. Castleton) and he seemed more than ready to cooperate with us.

It was rather amusing that Dr. Shields immediately said that Dr. Annie Scott and Dr. Julia Morgan are in line for full professorships and if he had been there this past year it would have already been done. I thought it was a good plan to bring some of that hidden feeling into the open.

Report was made of the fine impression that Mrs. Yui has made in Boston and it was concurred in by Dr. Fairfield.

In the Woman's Committee it suddenly occurred to me that it might be possible and desirable to send Mrs. Yui back to China by way of England and it seemed to me wise to speak of this. It met with a good deal of favor in our Committee so I spoke of it unofficially in the meeting of the Board of Governors. Mr. Castleton said he felt that could make very good use of her since he feels their cooperating committee is really increasing in interest and he knew that Dr. ~~Scott~~, Mrs. Karr and other friends of hers would be happy to have her. He stipulated however that it would be useless to send her in the summer, that April and May would be the best times. While this was going on Mr. Armstrong spoke up (you know that the Canadian United Board is staying in the Cheeloo Board of Governors) and said he hoped we would plan for her to go to Canada while here in America. Of course these were merely suggestions and will have to be referred to the promotion committee and I do not know that will be at all possible or worthwhile. I thought I would only put it in your thinking.

During the meeting of the Board of Governors we learned that Dr. Bash is here and Miss Kittredge succeeded in getting her to come to the luncheon and stay for part of the meeting afterwards. We will of course want to confer with her and Mrs. Yui when you get back from the West. She says she was at the new hospital just before it was occupied and thinks it was fine, that Dr. Scott and Dr. Green who have been working in it say the same. She has had a letter from President Liu giving some very concrete suggestions for the use of funds. I am having one run made of it and enclose two copies. Dr. Bash wanted to know what we could do about it and I said it would have to be approved by the promotion committee before using it in public. I also asked her if the list is formally endorsed on the field. She says she thinks so but would want confirmation from Mrs. Yui. Of course I will do nothing about this until I hear from you.

Mrs. T. D. Macmillan, 10/28/36.

-5-

I am sending you an action of the Presbyterian Board of Foreign Missions at its meeting of October 6th in regard to credit for the China Colleges Campaign. You know it in general but I thought you would like to have it in print.

With all good wishes and hoping you will take good care of your health, believe me,

Cordially yours,

Mr. E. Hodge

Re credit on benevolent budget

Extract from the minutes of the Presbyterian Board of Foreign Missions,
dated October 6, 1936.

"A question has been raised by the China Colleges Campaign Committee as to existing and possible relationships between its campaign and the Presbyterian Board's Home Base Department activities and, specifically, as to whether Presbyterian Churches can receive credit for gifts made by individuals to any of the China Colleges with which the Board is cooperating on the regular benevolent budgets of the churches of which the individuals are members. The Board would reply that, according to its rules, any such gifts as apply to items in its regular budget or in its approved property list will be so credited but that other gifts for property and endowment, covering items not in the Board's budget, can secure only such credit as is afforded by the Church's report of them to the General Assembly."

SHANTUNG

November 10, 1936

Dear Miss Hodge,

We enclose herewith a copy of a letter we are sending to the members of the Cheeloo Committee on Promotion, together with a notice of the meeting being called on Thursday afternoon. I haven't been able to find out whether any of the other meetings being held in New York that day are likely to lure you higher, but I do hope that it may be possible for you to be with us.

Your presence at the meeting would be helpful in many ways, but we would particularly welcome your counsel on the relationship which any effort to secure increased funds for medical work at Cheeloo might have on stimulating support of medical work for women. We have all shared to some extent the feeling of some members of the Cheeloo Woman's Committee that insufficient emphasis and place is given to the medical work for women, but just how that can be remedied has been a problem. Perhaps some adjustments should be made within the resources already available. In any event, it should help tremendously if we could secure at this time some substantial new income for medical work for women, thus not only strengthening this department of the work but giving an impetus to other departments as well. I am sure that our Cheeloo Woman's Committee will give this matter very sympathetic study.

If you should find it impossible to be with us on Thursday, we hope that we may at least have your comments and suggestions.

Sincerely,

B. A. Gause

Miss Margaret E. Hodge
156 Fifth Avenue
New York City

My dear Miss Hodge:

I find that you are in the city today and tomorrow, but that you will probably be so closely tied up with your special committee meetings that you will not be able to attend this Cheeloo Committee on Promotion meeting tomorrow. I enclose herewith a copy of the notice we are sending to our Cheeloo Committee on Promotion, together with tentative draft of the invitation list for the farewell dinner to be held in honor of Dr. and Mrs. Shields.

There are two matters in connection with this promotional effort which I am particularly anxious to discuss with you:-

First, how can we best stimulate the interest and activities of the Cheeloo Women's Committee and others particularly interested in medical work for women at Cheeloo, so as to secure the increased support which this part of the work at Cheeloo so urgently needs.

Second, how can we best enlist the interest of our Cheeloo friends in the Philadelphia area? We have quite a number of present and potential friends of Cheeloo in and around Philadelphia and I am wondering whether it would be desirable and possible for us to see this group personally to enlist their support for medical work at this time, rather than to depend entirely upon mail cultivation.

I would be glad to see you at any time convenient to you while you are here in the city. If your days are too full for such an interview, I could see you this evening, or would enjoy the privilege of having breakfast with you tomorrow morning.

Cordially yours,

B. A. Linside

NOV 23 1936

November 20th 1936.

My dear Miss Hodge and Mr. Fairfield:

Mrs. Macmillan has asked me to write you both to let you know what Mrs. Yui accomplished in Chicago. I trust you will not mind this joint letter since several of the meetings were union, and it might stimulate competition between the Presbys and Congos and they say that competition is a great money-raiser. For myself, I hesitate to use denominational terms at all since you always find that after you have said the nicest things possible to the people in a Methodist Church about Methodists in China, they always turn out to be visiting Episcopalians!

Mrs. Macmillan deserted us at Muncie, leaving Mrs. Yui and me to go on to Chicago with nothing much to start on but the knowledge that Mrs. Avann, the Cheeloo chairman was there but would probably be of little help. We went first to the Cong'l offices where we were received with open arms by Mr. Davies, Mrs. Wallace and Mr. Reynolds. Two dates had been arranged through Mr. Davies and it was immediately suggested that Mrs. Yui should attend the WBMI meeting on the morning of the fifth. Mr. Reynolds undertook to arrange for her to speak at Winnetka, which, as you know, is a very good suburb.

Miss Alice Keep Clark was in the office also, and invited us to go and stay with her for a few days, which we did later. The lady lives all by herself in an 18-roomhouse with a chauffeur outdoors. The chauffeur incidentally, knows all the American Board missionaries which is quite a record. We shook hands with him vigorously - not usually done, but it seemed to be expected and we are always agreeable. Miss Clark is a very sweet lady, but she hovered over us like a mother hen over mentally incompetent chicks. I shall remember the weekend with a chuckle. Her parents and she have given considerably to many causes, but the 'American Stove' stock seems to have lost fire. However, they paid dividends last year and may again.

Mrs. George R. Hemingway who is a very good personal friend of Mrs. Yui's (Mrs. Hemingway has a doctor brother in Taiku) may prove very helpful. Mrs. Yui spent some days with her, and she planned to give a tea for her in Oak Park but decided there was not enough time. She is not accustomed to 'promoting' and had to think herself into it. However, she wants Mrs. Yui to return to Chicago early in December and we have written her that will be possible.

The same day we also saw Mrs. Avann who is a Methodist so I can be just as unpleasant as I like about her in this letter. She turned out to be a complete loss (flop to be more accurate though we strive for politeness). We were pretty tired of talking that day but took a deep breath and plunged. She simply talks around in circles. We did everything we possibly could, both of us, to

1034

11/20/36

Miss Hodge and Mr. Fairfield

get some definite names. She talked for an hour on the fact that Cheeloo had done no promotional work in the past - we knew that. Mrs. Yui said "I want to do everything I can so that I am not wasting your money while I am in this country..." Mrs. Avann assured her that she was not wasting time. The answer we wanted was names, not reassurances. Then she talked at length on the need for making friends - which we also knew. She said you could not ask for money for a long time. Said I: "I know it's difficult to get money, but we do want Mrs. Yui to meet people..." What more could we say? We repeated and she bumbled. When we were quite collapsed she insisted on telling about her new job which is WOMEN'S SECRETARY FOR ALL THE BENEVOLENT WORK IN THE METHODIST CHURCH. She says she is really not the Cheeloo chairman now, that she resigned but they would not accept her resignation. Don't ask me who is chairman in a case like that.

Mrs. Yui did nobly. She told all about Cheeloo from A to Z, the growth and needs. Waxed positively eloquent - I am sorry it was wasted on an audience of one, not counting my illustrious self. Anyway, she bid us a fond farewell, and that was the last we saw or heard of the woman.

Mrs. Avann's two suggestions were to call on Dr. Hume, son of the China Hume, and also ^{the} head of International House. I phoned Hume and talked to him at some length. His main idea was that Mrs. Avann should set up a tea! He is tied up with Yale-in-China. Said the Friends of China group was the money and intellect of Chicago but they had just had Hu Shih and could not even have a meeting for Dr. Hume though they did have a tea.

We visited Mr. Price of Int'l House. He has been in consular service in China, also in business. Speaks Chinese quite well. However, he had a pet theory (fact to him) to the effect that when the Chinese Government had, in the first registration regulations, the idea that 'No schools in China could have Christian education as their purpose, and religion could not be taught even as an elective', the China colleges had registered! According to him, in so doing, they had 'sold out' and lost the confidence of the people in this country. I had never heard that tale before, nor had Mrs. Yui, but he was very sure because he was in the consulate at the time. Anyway, he put Mrs. Yui off very badly. I have inquired carefully but can find no corroboration for his statement. Dr. Beech says that religious courses were barred from primary schools but not colleges.

Our other supposedly useful person was Mrs. Pratt, newly on the Yenching Board, daughter of Mrs. Wilson who raised so much for Kobe College. She turned out to be a pleasant young woman but with no knowledge of what China Colleges meant and she would take a lot of educating. She knew no more than that her mother had suggested her for the Yenching Board.

We had an interview with President Hutchins of Chicago University. Mrs. Yui was a classmate of his brother, Francis Hutchins, and of course knew him in Taiku. After Price, we did not know what Hutchins might bring forth, but he turned out to be very charming. We asked him for names and he suggested five women in the 'Friends of China' group, wealthy, but all attacked from many sides, and we decided that a more elaborate set-up was necessary to reach people like that.

Through Mr. Reynolds, Mrs. Yui addressed the Winnetka women. Very large church, new, and numerous women. She made a very good impression.

Miss Hodge and Mr. Fairfield

11/20/36

Before I continue to repeat 'Mrs. Yui made an impression', let me say that she brings a very real response from all the people she talks to. She seems to have an excellent knack for saying the right things to the right people, whether it means emphasizing the religious end, or denominational interests, or how to cook Chinese food. I have watched many women as they listened and they certainly are very keen. Mrs. Yui's very nice sense of humor, and quaint English goes over 'big', in the language of the prophets. (I might add here that Mrs. Macmillan does not agree with me in this. She thinks Mrs. Yui should memorize her speeches in good English. I don't. Her English is very understandable, and the little oddities make it much more interesting.) A number of women have told me that they were more impressed with Mrs. Yui's personality than with Dr. Wu's (which does not aim at Dr. Wu, but it is a logical comparison since she was here so recently). One of the officers in a group here told me that Dr. Wu sometimes talked over their heads, but that Mrs. Yui talked about the things they wanted to hear. I ought to know - I heard most of her Boston speeches and all of the Chicago and Detroit ones. What is more, I do not get bored listening - she manages enough variation. I am not letting Mrs. Macmillan down in saying this. I told her so in Boston, and the last month has convinced me further.

Miss Reid proved to be a very cheerful person. Her particular contribution was to arrange for Mrs. Yui to speak at the Chicago Women's Presbyterial Society. The meeting was in Evanston, about 400 present at lunch and more otherwise. The program was booked to the teeth, but Miss Reid ran around and talked vigorously and instead of merely introducing Mrs. Yui at lunch amid the clatter, she had fifteen minutes in the main auditorium right after lunch when everyone was wide awake. Mrs. Sellers was chairman and it took a good bit of talking to get her to upset her program but she did eventually, and it seemed to me a very good representative group to reach.

Mrs. Yui also spoke at the Chicago Fellowship, chairman of which is Mrs. Palmer, wife of the theological man. As I understand it, that group represents the Congregational women in the whole city.

From there we made a flying leap to Evanston (why do they have all the meetings at the same mathematical moment) to the Evanston Missionary Union meeting which represents all the churches in Evanston. Mrs. Yui talked after lunch and was again well received.

We called on Dr. Wolfe the day before election. He proved very amicable though he did predict a Landon landslide! He sent us to Mrs. Poppenhusen, one of his flock, who has a brother in China and money in this country, but is very social minded and not a given. We called, however, finding her very handsome and well-dressed, ensconced in a large house on Hinman. Talked China at length and Mrs. Yui did nobly in telling her all the needs of Cheeloo. She did everything except ask blankly for money, and I frankly don't see how she could have on first meeting, but then I don't anything about abstracting money. Strangely enough, the lady had a house guest whom Mrs. Yui had met at Niagara Falls nine years ago. Mrs. Poppenhusen (God save us all from a name like that - with apologies to the author) was the one really moneyed person we saw who isn't tied up in other good causes, though we were assured by the Cong'l office people and also by her sister-in-law that she never gives ten dollars without blinking. However, that won't prevent us from asking.

1036

Miss Hodge and Mr. Fairfield

11/20/36

Mrs. Yui talked to the Congregational Women at LaGrange, and the Business and Professional women (I did not have much luck in finding out which professions but they trudge forth for their daily bread and seemed to be wider awake than some others) at Oak Park, both arranged by the Cong'l Board, though I don't think that either of these, especially the latter, is much of a possibility for money raising.

We lunched with Mrs. Clapp, friend of Miss Miner's, who put us in touch with Miss Crane, formerly Mrs. Yui's teacher at Yenching, now with the W. C. T. U. Miss Crane arranged for the Evanston Union meeting. Very nice person, but certainly easily aroused over liquor. She took us all over headquarters and now we're to receive the W. C. T. U. Gazette, called the Shining Light or Signal, I believe.

I talked with Mrs. Wilson 'the' money raiser, but her whole idea was for a large campaign set-up with teas and dinners and things arranged beforehand. We had no such pre-arrangements when we went to Chicago so that was out of the question. Also, she is all Kobe College so not much help to us.

This is all a bit muddled and does not follow the chronological order of events. I should have sent you copies of the letters which I wrote Mrs. Macmillan daily. She seems to have used them to keep herself and friends in Detroit amused, but I assure you I did not feel in the least amused in Chicago with the responsibility of getting Mrs. Yui to the right people, especially when promotional activities are greek to me. I might add that I have learned a lot. I thoroughly enjoyed all the pleasant contacts, but on the whole all these nice people have no money! Just like us.

We did not see Mrs. Coy. She invited us to luncheon but it seemed impossible to make connections.

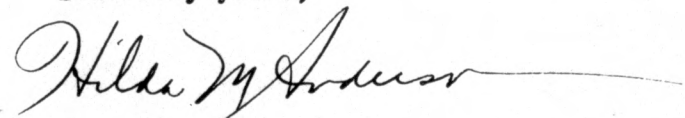

Both the Presbyterian and Congregational Board offices were just as nice as they could be. They did not put us in touch with any millionaires, but I daresay if they knew any they would have - optimist.

Present plans are that Mrs. Yui return to Chicago December 6th if Mrs. Hemingway still plans the tea.

Detroit is proving very busy for Mrs. Yui. She has had one or two engagements every day this week and respondly nobly - we have had Episcopalians, Methodists, Congregationalists and Presbyterians to date.

I imagine you are about as tired of this epistle as I am. Blame Mrs. Macmillan - she thinks you want to know.

Sincerely yours,

Hilda M. Anderson

Rec'd 11/27/36

Dear Miss Hodge,

This letter discusses the situation in the Cheeloo School of Medicine, with special relation to medical education for women.

The Financial Situation for 1937-38. As you know, ^{Begin} the School of Medicine must secure approximately U.S. \$20,000, in addition to the income already reasonably assured, if it is merely to continue its present program with any degree of effectiveness. The Cheeloo Governors are at present straining every resource to secure this amount before the 1937-38 budget has to be prepared, in order to avoid the catastrophe which would occur if sweeping reductions must be made, salaries still further reduced, and staff members dismissed. ~~The Cheeloo Woman's Committee~~ ^{Beckwith} is of course actively interested in the whole program of the Medical School. But it has a special interest in the women medical students - about one-fourth of the total enrollment - in the women members of the medical staff, and in the departments and services devoted particularly to serving the womanhood of China.

Some of the phases of the Cheeloo medical program of special interest to the Woman's Committee, which would be seriously affected if the required increase in income is not secured, are the following:- (1) Two Chinese women doctors, 5 Chinese women midwives and nurses, and 2 Chinese women public health nurses, all of whom are paid from the general budget of the Medical School. Already their salaries are much too low, and should be increased. Any further cuts would be tragical. (2) The Hou Tsai Men Widwifery Clinic, with Dr. Mary Gell in charge. This clinic is rendering splendid service on a totally inadequate budget. There is an urgent need for further development of this clinic, and withdrawal would be particularly unfortunate. (3) The Lungshan Obstetric Clinic. Here, too, a good beginning has been made, and the work should go forward, rather than be compelled to retreat. (4) The departments of Gynecology, Obstetrics, and Pediatrics. All these are in need of increased funds, and would suffer from any further curtailment in the budget.

Special Assistance from Woman's Committee. It may be, therefore, that the Woman's Committee will be willing to consider making a special appropriation from the surplus funds of the Committee to assist in meeting the urgent financial situation for 1937-38, in addition to the generous assistance the individual members of the Committee are giving through their personal contributions and through enlisting the support of others.

Attached hereto is an analysis of the position of the current

1038

November 26, 1936

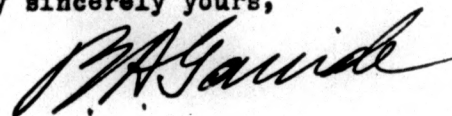

funds of the Committee at the present time, together with a forecast of assured income and of probable expenditures during the remainder of the current year and also for the year 1937-38. This year the Woman's Committee, in addition to financing Mrs. Yui's trip to America, is making an appropriation to the general budget sufficient to cover Mrs. Yui's salary and to provide a substitute for her during her absence, and is assuming one-third of the expense of home base administration. It is also remitting the full amount of Day of Prayer Offerings and Rohman Fund income as special appropriations toward the general budget. While several of these items may be somewhat reduced in 1937-38, the disbursements for that year are forecast on the same basis for 1936-37.

(It will be noted that, taking only income which can be considered assured, and deducting all disbursements now authorized, or likely to be required on the present basis of procedure, there would still remain a surplus on June 30, 1938, of \$2,631.68.) There is hope that such a surplus would be increased from some or all of the following sources:- (a) Gifts for the work of the Woman's Committee secured by Mrs. Yui during the next eight months. (b) Gifts secured for the Woman's Committee by the members of the Committee and the promotional staff of the Associated Boards during the next twenty months. (c) Payment of back dividends now accrued on the securities in which the Woman's Committee endowment is held. (Even if all such back dividends are placed in a reserve fund, the interest on this reserve might be available.)

The Committee is of course receiving also a substantial amount of income on the invested Hospital Building funds, but this is not taken into account, for we believe such income ought not be used for the budgetary expenses of the Medical School - or any other department of the University - if this can possibly be avoided.

(Inasmuch as it now seems unlikely that the full amount of the \$20,000 required to balance next year's Medical School budget can so promptly be secured during the coming weeks in new gifts from individual donors, the question is raised as to whether the Woman's Committee may be willing to appropriate from \$2,000 to \$2,500 of its current surplus funds toward the Medical School budget, 1937-38.) Even if the full \$20,000 is secured, this special assistance in the departments and services described on the previous page would be of great value. And if the new income from other sources falls short of this goal, such an appropriation of from \$2,000 to \$2,500 would be of vital assistance.

Very sincerely yours,

BAG/G

9 December 1936

Arch 12/12/36

Dear Miss Hodge:

The letter which you dictated on December 3rd has just reached me, and I have searched it in vain for an answer as to whether or not Mrs. Yü shall come on to New York with me. I shall be leaving here on the 18th, an earlier date being impossible because a Port Huron audience for the Ginling film has been arranged for the 17th. It was a date which Miss Whitmer would have filled if she had not been scheduled for Illinois, and the arrangements made by the Port Huron Junior College (Women's League) are too good to be neglected.

Does it not seem necessary for the Cheeloo Committee, as primarily in charge of Mrs. Yü's furlough program, now to face the possibility which England and Canada have opened up, the possibility of turning her year into an extensive rather than an intensive experience? Certainly she could do much by accepting the invitations from Canada and from England, but the full implication of acceptance would have to be faced, for the support she would receive in those countries would probably be for opportunities of meeting people for general cultivation rather than actual money-getting. Can not her whole program for the remainder of her furlough be talked through if she comes on to New York at this time? She has given herself loyally and thoroughly to every opportunity this year, and has caused much eager response to her story. But we have not yet in any community given her the single-minded support of an individual promotional officer which is necessary to money-raising for Cheeloo. She could spend the remainder of the year in conjunction with our field work, doing a valuable piece of work as one of the workers, and in this case Cheeloo would profit as the entire program moves ahead. Another possibility would be the detailing of some one promotional worker to Mrs. Yü alone, to develop Cheeloo clientele as a full-time objective. And a third possibility is the acceptance of the invitations in our neighboring countries, in which case we should face the fact that intensive money-raising would not be the keynote of the remaining months. I believe that a facing of this issue before January first and a decision upon it would give Mrs. Yü a much more settled feeling. Also Mrs. Yü is eager to talk with you about policies and problems at Cheeloo, and if Mrs. Reed is to have a closer relation to the Committee, should she not rather immediately have an opportunity for prolonged consultation with Mrs. Yü? If these conferences could be held in New York or Philadelphia before the end of the first week of January, they would then not have taken time which is specially valuable for field work.

A carbon copy of this letter is going to Mr. Garside. We ought to know before Sunday what Mrs. Yü is to do about remaining here in Detroit throughout the holidays or coming on to New York. Perhaps a wire will be the best way to send your decision to us.

Sincerely yours,

Miss Margaret E. Hodge

(dict. Dec. 9th)

Seen by E. C. M.

Mrs. T. D. Macmillan,
150 Fifth Avenue,
New York City, N.Y.

My dear Mrs. Macmillan:

Here is a letter from Mrs. Hughson which you may like to read. I am sending it to you especially that you may note the suggestion that Mrs. Hughson can use Mrs. Yui in the spring. I have told her that there have been requests for her to go to England and that it may not be possible to grant this but that I am leaving it to you.

I also have a letter from Mrs. Nicholson in which you will be interested in reading. It has been acknowledged. Please note her request for Mrs. Yui.

Thank you for your letter from Ann Arbor of December 1st. It seems to me that you have done a very fine work and especially in view of the complication about Miss Bond.

I am mortified that I had not thought about Mrs. Yui's holiday plans, and am sorry I was not able to write to you before the sixth. My sister and I would love to have her stay part of the time with us after Christmas. You know probably better than I that the holiday season is not the time for promotional work. I wish that it might be possible for her to go to the Foreign Missions Conference for at least the Woman's Meetings that precedes the Conference, January 4 - 6. Foreign Missions Conference - January 6-8. I am asking Miss Schultz if it would be possible to arrange for her to attend one or both of them and will ask her to write directly to you on the matter. I wish very much that she could be at the dinner for Dr. Shields and be introduced and be given an opportunity to speak briefly. I am asking Mr. Garside if that can be arranged.

With all good wishes for the work and that you may have good weather in which to do your motoring, believe me,

Cordially yours,

Margaret E. Hodge

SHANTUNG

December 12, 1936

Dear Miss Hodge,

Your night letter arrived today. We have wired Mrs. Macmillan as per the attached. I certainly agree that it would be wise to talk plans with Mrs. Yui before Christmas, so that steps can be taken toward definite arrangements.

In the letter you dictated here in New York on December 9th (before you had this latest letter from Mrs. Macmillan) you ask whether we should urge Mrs. Yui to hurry east in time to attend the Ran Shields dinner on the fifteenth. My own judgment would be that it is wiser to let plans stand as at present and to have her come east with Mrs. Macmillan on the 18th. For one thing, this would avoid upsetting plans which have already been made for her in the Detroit area. But what seems to me much more important is that this avoids making her first public appearance here in New York under circumstances which would not utilize her to the best advantage. The dinner on the 15th must keep Ran and Mrs. Shields in the spotlight, and if Mrs. Yui is there she could not get much attention but something of her power of attraction for a later gathering might be lost. It would seem to me wiser that we wait until Ran is started safely and happily back to Tsinan, and then we can all unite our efforts on Mrs. Yui and the phases of the Cheeloo work which she personifies. Aside from the members of the Cheeloo Board and others in Mission Board circles, most of the group at the dinner on the 15th will be particularly interested in Ran and in medical work. A substantially different crowd would be drawn in if this were in Mrs. Yui's honor.

The dinner is to be an invitation affair financed chiefly by a few of the Governors. Dr. Scott has already made a substantial contribution, and we hope that Mrs. Phillips and Dr. Milliken will do likewise. We have not made any specific request to any of the other Governors, but some will undoubtedly wish to pay for themselves and their guests, and possibly to do a little more. If any residue of expense remains it can properly be charged against our Cheeloo promotional budget.

As to getting the group of Cheeloo ladies together on the 22nd, will you follow that up, or is there anything we can do from this office? Mrs. Hughson will be at the dinner, and I suppose Mrs. Reed

1044

Miss Hodge

-2-

Dec. 12, 1936

will be there also. You must by all means draw Mrs. Phillips into the group. She has on several occasions expressed a warm interest in Mrs. Yui, and her interest should be cultivated. The other ladies should of course be drawn in also as opportunity affords.

I enclose some material going to you as a member of our Associated Boards Committee on Greater Unity, and as a member of the editing sub-committee. Could you attend a meeting of this sub-committee on the 22nd if one is called that day at a time which would not conflict with the Cheeloo meeting with Mrs. Yui?

Sorry we aren't to see you at the dinner on the 15th.

Sincerely,

1045

Dear Miss Hodge:

In talking with Miss Schultz this afternoon we agreed that the ideal arrangement from the Centennial angle would be for Mrs. Yui to devote one month from May 20th until June 20th to speaking in this connection. This would enable her to be at General Assembly and at summer synodicals.

Therefore we would officially request the Cheeloo Board of Trustees of whatever committee is in charge of planning for her activities that this be arranged if at all possible. We would like to know what expense would be ours for the one month.

Very sincerely yours,

Herrick B. Young

MEMORANDUM

FROM

Dear Mrs. Macmillan,

TO

Dec. 30, 1936

Rec'd 12/31/36

Many thanks for your letter of the 28th. I certainly hope you took time off to enjoy Christmas with your family and without "China colleges"!

Either your letter or her own initiative led Mrs. Jui to write me that she expects to arrive here about 4.30 on Dec. 31st. She is very enthusiastic over her happy visit with Mrs. Hugheson, and the latter's active interest in Chefoo!

I was about to ask you to send me the names, addresses, and clues to follow up the people that Mrs. Jui and I are to call upon while she is here when Mr. Garside called me, so I asked him and he promised to send me the list today. I told him that I felt Saturday would be the only time, since New Year's would probably be inauspicious, also Sunday. If I am wrong, please let me know. I am not sure whether we have a delivery Jan. 1, so a "special delivery" will be wise. Please also let me know if letters have gone to these prospects telling of Mrs. Jui's coming or whether I should call them up, or whether we should go un-announced. Should Mrs. Jui go alone, or I tag on? Are these calls for "cultivation" or definite appeals for money? The more specific instructions you give the better pleased I shall be.

I was very sorry that Mrs. Phillips had to inquire again as to the date of her luncheon for Mrs. Jui as I had promised she should hear at once. But I left without arranging with Mrs. Garside whether he or I should attend to it, and each of us assumed

that the other would.

DEC 30 1936

I am writing at once to Mrs. Inkster about the Canadian women and Mrs. Gini. I was rather expecting to see her at Asbury Park but of course it is much better to write first. I will refer to Dr. Armstrong.

Mrs. Gini and I leave here for Asbury Park, Dec there at 10.20, on Monday morning. I hope you are going for some of the meetings.

Sincerely yours,

Margaret E. Hodge

P.S. I am enclosing my letter to Mrs. Inkster for you to address, as I do not have her address here.

M. E. H.

P.S. no. 3. As soon as I left our meeting on the 22nd I reported to Miss Kittredge our two possible plans for Mrs. Gini, and as soon as I mentioned England she explained "How about our Centennial?" The Presbyterians are including in our plans the visits of several nationals and the Com. wants Mrs. Gini, but somehow there was a slip and no request came to Chelso. (I am glad this was not my fault!) So immediately Dr. Herrick Young wrote me the enclosed formal request. I was under the impression that it was a carbon of a request to the Asso. Bds. and laid it aside until after Christmas and have just discovered that it is an original. But I am explaining about to him and saying that it is referred to you and that we will let him know as soon as we can.

M. E. H.

Woman's Committee

STAMPED

December 31, 1936

My dear Miss Hodge:

No word has come from 156 Fifth Avenue assuring me of admission to the Asbury Park meetings for the conference on women's work. Mr. Hedrick, Mr. Garfield, and I had a talk yesterday, and decided there was nothing in the New York situation at this time clearly to justify my remaining here, and this means that the Asbury Park meetings are being closed to me as a privilege along with a number of other delightful things I might do, such as attend Mrs. Phillip's luncheon for Mrs. Yui. We have forwarded to Miss Griest an Asbury Park invitation, but I believe that she will be held in Lancaster through the 5th. Personally I shall feel very keenly disappointed if I do not have an opportunity to meet Miss Lester.

In regard to the invitation from 156, I want to take this occasion to tell you that I made a definite condition of my acceptance of this position assurance that the deliberations of all groups connected with our work would be open to me. I made this condition to Dr. Warnshuis himself, and had his promise that it would be met. It seems, however, unnecessary to make an issue of the forthcoming meetings in Asbury Park, since I cannot be here, but I do want you to have this statement.

Sincerely yours,

Mrs. T. D. Macmillan

SHANTUNG

Wanamans
Committee

December 31, 1936

My dear Miss Hodge:

Mr. Carside and I are clearing the matters mentioned in your letter received this morning concerning Mrs. Yui's program. I will remain in the city today, in order to help her to get to the train for Philadelphia. We do not know when she is coming in at Grand Central, but she has written that she will pass through the office in order to unload some unnecessary luggage.

I want you to know at once that I have a moderately hopeful letter from Professor Rufus of Ann Arbor, Chairman of the Barbour Scholarship Committee. He tells me that it is contrary to the usual policy of his Committee to grant Barbour aid for less than a full year of study. This, of course, I already knew. But he promises to make a special issue of Mrs. Yui's case and his phraseology leads me to feel that there is at least a chance of favorable action. In recent years the Barbour Committee has taken a special interest in further work for Oriental women whose value to their own countries has already been proved.

If Mrs. Yui goes to Ann Arbor for the second semester with any help from the Barbour fund, it would be necessary for us to leave her entirely free to devote herself to her studies. Not even during the brief spring holidays should anything substantial be asked of her, since she will need all of her energy to fit back into the tasks of a student. She has already expressed to me her realization that it will be highly important for her to make a favorable impression upon the authorities at the University of Michigan in order that her own recommendation of outstanding Chinese women may be seriously considered.

Sincerely yours,

Mrs. T. D. Macmillan

SHAW LANE

Womens Comm

December 31, 1936

Miss Margaret E. Hodge
112 West Gravers Lane
Chestnut Hill
Philadelphia, Pa.

My dear Miss Hodge:

Mrs. Macmillan has handed me your letter of yesterday. It reminds me that I have not yet sent you the promised memoranda on Cheeloo friends in Philadelphia upon whom you and Mrs. Yui might call.

I give below names of some of the people on our Cheeloo mailing list who apparently would be worth seeing. I realize that the list is much longer than you and Mrs. Yui are likely to cover in one day, but you would be free to make selections as you desire.

I am giving brief comments on each of the names. Some of them have only recently made contributions to the Ben Shields Medical Fund, and should therefore not be expected to do anything more now. Others probably know so little about Cheeloo that no immediate contribution could be expected. Quite possibly no immediate gifts would come from Mrs. Yui's visit, but we would hope that such a contact would help to create or to revive interest which might be productive later.

The list is arranged in about what seems to me the order of importance, although you may wish to change the order of importance, although you may wish to change the order greatly.

Mrs. Elsie A. Hancock, The Warwick, 17th and Locust (Pennypacker 3800)

As you know, Mrs. Hancock is a sister of Mrs. Neal. When I was in Philadelphia earlier in the month I tried all day to see her, but found she was away. Late in the evening I had a brief telephone conversation with her, but she was tired and busy and did not have time to see me. Dr. Milliken wrote her a letter asking for a contribution to the Ben Shields Medical Fund and I followed up my telephone conversation with a note expressing the hope that she might contribute something. However, we did not receive any response. I frankly do not know whether Mrs. Hancock would be inclined to give, or to pledge, any contribution to Cheeloo at this time. You know her better than I, and could advise Mrs. Yui as to the best procedure.

Miss Anna Mullikin, 256 West Haines Street, Germantown
Miss Jane Van Ness Sneed, 1805 North Park Avenue

Both Miss Mullikin and Miss Sneed are warm personal friends of Dr. Julia Morgan. Each of them has contributed \$200 to the Ram Shields Medical Fund. When I was in Philadelphia I had a very pleasant interview with Miss Sneed. I did not find Miss Mullikin at home, and her contribution of \$200 was sent in response to a letter. I believe that both Miss Mullikin and Miss Sneed know Cheeloo only through their friendship with Dr. Morgan. If Mrs. Yui sees them the purpose of her visit would be primarily to thank them for the support they have already shown, and to tell them something more about Cheeloo, and particularly about Dr. Morgan's work.

Miss Elsie Boyd, 1830 S. Rittenhouse Square, (Pennypacker 4700)
Miss Esther Cottrell, 1830 S. Rittenhouse Square, (Pennypacker 4700)

Miss Boyd's interest in Cheeloo came through Dr. James Boyd Neal who, I believe, was a relative. I am not sure whether Miss Boyd and Miss Cottrell live in the same apartment, but I am inclined to believe they do. When I was in Philadelphia, I telephoned to Miss Boyd and asked for an interview to talk over our efforts to secure support for Dr. Shields' work. (Dr. Mulliken had written a letter telling of the project and stating I would get in touch with her.) Miss Boyd was courteous, but not particularly cordial. She stated she would be busy all day, and went on to add that she could not give anything toward the support of this work. She indicated that she had not taken any active interest in Cheeloo for a number of years. When I telephoned Miss Cottrell the one who answered the phone seemed to be the same who answered when I called Miss Boyd. I was told that Miss Cottrell was "out", so I did not press any further for an interview with her. I sent a followup letter to both ladies but neither responded. If Mrs. Yui is able to secure an interview, she could probably accomplish no more than to revive their interest in Cheeloo, without pressing for any immediate contribution. It would be helpful to know more about both of these ladies for our future work.

Mr. W. S. Pilling, Franklin Trust Company, 1500 Chestnut Street

Mr. Pilling has been making very generous contributions for Cheeloo in the form of equipment for the Medical School and Hospital. In response to a letter telling about the efforts to secure support for Dr. Shields, he sent a check for \$50. We should, therefore, not think of asking him for any further contributions just now. It probably would not even be wise for Mrs. Yui to press for an interview if Mr. Pilling were to gain the impression that she intended either directly or indirectly to make some kind of financial appeal. But if he would like to meet her simply to have her tell about the work at Cheeloo, and with no thought of asking for any further gift just now, such an interview might be worthwhile, just now.

Miss Valeria F. Penrose, 152 West Penn Street.

Miss Penrose is a very generous contributor to the Associated Boards, Cheeloo, Lingnan, and Yenching. Her major contributions have been to Lingnan and Yenching, and I believe it has been some years since she has given either to Cheeloo. If Mrs. Yui could arrange an interview with her, it might help to quicken her interest in the entire group of Colleges, and possibly to stimulate some gift to Cheeloo - though this could be determined only by the interview itself.

Mrs. and Mrs. Robert McQuilley, 6127 Cobbs Creek Parkway

Mrs. McQuilley has written that she contributes regularly through her church (Calvary Methodist Church) toward the support of Dr. Julia Morgan.

December 31, 1934

President C. J. Lin also saw her and probably sought to interest her in Fudan Christian University. So far as I can find, Mr. and Mrs. McSaulley have not made any direct contribution to any of our China Colleges. A visit might indicate whether there is any value in trying to cultivate them for future gifts or whether it would be better to leave them to express their interest only through their church giving.

Mrs. John E. Reynolds, 2058 Daulphin Street

Mrs. Reynolds is the Vice-President of the W.F.M.S. of the Summerfield Methodist Church. Dr. Julia Morgan spoke in this Church in 1934, and reports that she is "friendly and interested, and can help us get in touch with the right people." I am not sure whether an interview with her would be worthwhile or not.

Dr. Martha Tracy, Woman's Medical College of Pennsylvania, 21st St. & North College Avenue.

We do not seem to have much information about Dr. Tracy's background of interest in Cheeloo, though I believe her name was given to us by Dr. Julia Morgan. Here too, I am not sure whether a personal visit would be worthwhile.

No letters have been sent to any of those whose names are given above. In most cases a telephone call asking for an interview would seem desirable. In one or two cases it might not be possible to reach these friends by telephone, and an unannounced visit might be hazarded. I would certainly think it highly desirable for you to accompany Mrs. Yui wherever you are able and willing to do so. This would not only make the interviews themselves more successful, but would give a future point of contact which would otherwise be missing.

One value of an interview with Mrs. Hancock might be to get her comments and suggestions on these names, together with other present or potential friends of Cheeloo with whom she could put us in touch.

I suppose we will have to hold in abeyance any final decision concerning the invitation for Mrs. Yui to spend the period May 20th to June 20th speaking for the Presbyterian Centennial until we have somewhat clearer information concerning her study plans. If she is to enrol either at Michigan or at Columbia for the spring semester, she would probably be kept busy until the first week in June at least. I will send Dr. Young a brief note of acknowledgment, and will state that a more definite reply will be sent as soon as possible.

I believe Mrs. Phillips wishes me to transmit to you her very cordial invitation to attend the luncheon she is holding in Mrs. Yui's honor at the Woman's University Club at 12:30 P.M. Saturday, January 9th. We hope you will attend if you can, for your presence would serve a three-fold purpose. In addition to contributing to the success of the occasion and adding to Mrs. Yui's pleasure, your coming would help to stimulate and encourage Mrs. Phillips. As you know, she was quite uncertain for a time as to what she could do, and even whether she was willing to continue on the Board. During recent weeks she has taken a much more active interest, and we must nurture this very gratifying spirit of enthusiasm.

With all good wishes for the New Year, I am

Cordially yours,

B. A. Barstow
