Nanking, China, Nov. 28.

Dear Lilliath:-

Well and very busy with various relief projects. No word from you received since late October. Had a wire six days old that Lyrel expected to pass through from Shanghai on the 23rd; but no other word from her, and very probably she did not get this far, judging by the halt in the special river-canal service. Am sending a card to Morton also. Love to Bobby and yourself. Searle.
